Award of Distinguished Budget Presentation

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Milton, Georgia, for its Annual Budget for the fiscal year beginning October 1, 2021.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

City of Milton Georgia

For the Fiscal Year Beginning

October 01, 2021

Christophen P. Morrill

Executive Director

INTRODUCTION AND OVERVIEW

September 19, 202

Honorable Mayor, members of City Council, and citizens of Milton:

It is my pleasure to submit to you the Fiscal Year 2023 Proposed Operating and Capital Budget for review and consideration. The recommendations contained herein are derived from the Mayor and City Council's priorities included in our <u>2021-2025 Strategic Plan</u>, which incorporates key elements of master plans including the <u>Comprehensive Parks and Recreation Master Plan</u>, the <u>Milton Community</u> <u>Trail Prioritization Plan</u>, the <u>Comprehensive Transportation Plan</u>, and the <u>2040 Comprehensive Plan</u>.

A City's budget turns such plans into realities. As part of this process, City Staff reviews what is in those plans; contemplates how much it would cost to deliver desired programs, projects, and high level of service (while also taking into consideration expected revenues); and weighs how to allocate funds based on the coming year's priorities. The City of Milton executes its strategies by setting the millage rate to fund a budget that can support its priorities.

Note: This message has been updated to include the recent developments related to the Local Option Sales Tax distribution certificate.

BUDGET PROCESS

The City of Milton differs from other cities across Georgia in many regards—which is why we love living here! Our desire to maintain our rural heritage and keep our population density low contributes significantly to our nationally-recognized outstanding quality of life. This desire, however, comes at a cost. The reduced residential and commercial densities limit our potential to recognize real estate tax revenues similar to our neighboring cities. Additionally, our relatively small commercial footprint further restricts our ability to derive other business-associated revenues, including Hotel/Motel Taxes, Occupational Taxes, Alcohol Beverage Excise Taxes, Business Property Taxes, and a host of other taxes and fees.

Milton's conservative fiscal policies that contribute to our AAA bond rating and help insulate us from economic downturns also impact our budgeting process. Commonly known as a pay-as-you-go system, the City utilizes a significant portion of its revenues to fund its capital improvement program. Unlike many other cities, the City of Milton funds large expenditures (such as vehicle and firetruck acquisition, street paving, and park and trail expansion) by saving for them instead of issuing bonds and incurring long-term debt.

Finally, the City of Milton has a capped millage rate of 4.731 mills. That means that regardless of the City's needs, it cannot exceed that tax rate without amending the City's charter.

CURRENT FINANCIAL CONDITION

Two previously identified critical risks associated with Milton's revenue streams have had positive outcomes. The first was the renegotiation of the Local Option Sales Tax (LOST) involving all 15 cities within Fulton County and the County itself. Triggered by the 2020 decennial census, we were required to renegotiate the distribution certificate by December 30, 2022, or face eliminating this revenue stream altogether. For the City of Milton, that represents approximately \$10.7 million in revenue in FY2023, or roughly 28% of our general fund revenue. Fortunately, the 15 cities and Fulton County have agreed on a new distribution certificate that will maintain that revenue stream through calendar year 2032, introducing roughly \$133.8 million to Milton's revenues over the next ten years.

SERVICE • TEAMWORK • OWNERSHIP • LEADERSHIP • RURAL HERITAGE

Another significant risk to Milton's revenues—that has also been resolved—was the continuation of the Transportation Special Purpose Option Sales Tax (TSPLOST). With TSPLOST I expiring in March 2022, a referendum was held in November 2021. The successful passage of that referendum means the City of Milton is forecast to receive an additional \$36 million over the five-year period ending March 31, 2027. Funding from this special tax will support the accelerated pace of transportation improvement projects including roads, bridges, sidewalks, and bicycle paths that otherwise would not have been possible without incurring long-term debt.

Since Milton's inception, the Mayor and City Council have made strategic decisions that positioned the City to withstand financial stress. Our fund balance reserve policy requiring no less than 25% of the subsequent year's budgeted revenues, coupled with our pay-as-you-go capital improvement plan, insulates the City from unforeseen emergencies and shortfalls caused by revenue declines. Additionally, these policies eliminate the need for expensive short-term borrowing.

PROPERTY TAX REVENUE

In 2018, Milton voters approved legislation outlined in House Bill 710 to implement a new property tax exemption. This floating homestead exemption caps taxable value growth (for a primary residence and five contiguous acres for eligible properties) by the lesser of the consumer price index for the prior year or 3%. In effect, Milton's exemptions have nearly doubled, impacting potential growth in this revenue category. New construction coupled with increased valuations for existing real property is forecasted to yield an additional \$1.4 million relative to the FY 2022's real property tax anticipations, representing a roughly 6.4% Increase—while reducing the millage rate for our eligible citizens by 5.5% to 4.469 mills.

Opportunities for Tax Savings

The City of Milton relies on property taxes to fulfill its obligations to the community and efforts to promote an exceptional quality of life.

The M&O millage rate generates revenues vital to Milton's operations, while the general obligation bond millage rate generates revenues dedicated to paying principal and interest due on the City's Greenspace Bond. With that said, the City offers several opportunities for tax savings through homestead exemptions and use assessments that will likely save property owners more than \$3.3 million this year (savings are based on 2022 property values).

Milton's current exemptions include:

Basic Homestead Exemption (apply with Fulton County) = \$15,000

- Primary residence; no age or income restrictions
- Applies to M&O millage rate

Floating Homestead Exemption (CPI) (apply with Fulton County) = amount by which the current year assessed value exceeds the adjusted base year value times the lesser of the consumer price index, or three percent

- Primary residence (applies to the primary residence and five contiguous acres of land); no age or income restrictions
- Applies to M&O millage rate

Senior Basic Exemption (apply with the City) = \$15,000

- Primary residence; Age 65+; no income restrictions
- Applies to M&O millage rate

Senior Basic Plus Exemption (apply with the City) = \$10,000

- Primary residence; 65+; must meet income qualification
- Applies to M&O millage rate and general obligation bond millage rate

Senior Full Value Exemption (apply with the City) = 100% Exemption

- Primary residence; age 70+; must meet income qualification
- Full value exemption applies to M&O millage rate and general obligation bond millage rate

Disability Full Value Exemption (apply with the City) = 100% Exemption

- Primary residence; no age restriction; disability certified by a licensed physician; must meet income qualification
- Full value exemption applies to M&O millage rate and general obligation bond millage rate

Other opportunities for tax savings:

Conservation Use Value Assessment (CUVA) (apply with Fulton County)

- Qualifying property values will be based on land use, not market value.
- No minimum amount of acreage/maximum acreage of 2,000 acres.
- If less than 10 acres, the owner must submit additional relevant records regarding proof of bona fide conservation use.
- The owner agrees to maintain the property in bona fide qualifying use for a period of ten years.

One Year's Support for Surviving Spouse (apply with County Probate Court)

• Exemption from property taxes for one year with the required court order.

Upcoming referendum regarding Milton's Senior Homestead exemptions

In December 2021, Council approved a resolution requesting the local delegation representing the City of Milton to draft and sponsor local legislation to amend Milton's charter to modify local senior homestead exemptions. Representative Jan Jones sponsored legislation that was ultimately approved by the legislature and registered voters will have the opportunity to weigh in this November on three homestead exemption modification referendums:

#1 - City of Milton - House Bill 1493:

Increase the Amount of the General Senior Homestead Exemption

#2 - City of Milton - House Bill 1497:

Repeal a Homestead Exemption for Citizens Age 65 Years or Older Meeting Certain Income Requirements Subject to Increasing the General Senior Homestead Exemption Under House Bill 1493

#3 - City of Milton - House Bill 1492:

Modify the Maximum Income for a Senior Homestead Exemption

If voters approve Questions #1 and #2 on the referendum, the resulting senior exemption would be a \$25,000 exemption regardless of income. This exemption would apply to the City's M&O and bond-related taxes.

Question #3 is independent of the other two questions and pertains to Milton residents age 70 and older. If approved by voters, those residents will qualify for the full value exemption from municipal ad valorem taxes if their annual income is below \$100,000. (The current qualifying annual income is approximately \$80,000 for tax year 2023.)

GENERAL FUND PROPOSED BUDGET

The forecasted General Fund revenues for FY 2023 equal our anticipated expenditures of \$39,318,548, with a budgeted use of excess fund balance of \$1,295,035. These funds result from Milton's continued conservative budgeting of revenues and City staff's dedication to identifying cost savings whenever possible. This excess (or surplus) fund balance, which is what remains after funding our mandatory reserves of 25% of the subsequent year's budgeted revenues, must be utilized for one-time expenditur-sand will be applied to our capital improvement plan.

The total proposed General Fund budget is \$39,318,548—a decrease of \$11,048,098 or 21.9% over the FY 2022 amended budget. A substantial portion of this decrease is driven by the operating transfers out to other funds which occurred in FY 2022 (down \$14,594,084 year over year). In FY 2022, Council approved one-time transfers to the Capital Projects fund in the amount of \$14,072,536 through the budget amendment process, which will not recur in FY 2023 (\$10 million of which came directly from the recognition of the ARPA-approved lost revenue calculation and the remaining \$4 million from a combination of revenues coming in higher than anticipated in FY 2022 and application of fund balance in excess of required reserves from FY 2021 being transferred to one-time projects per the City's fund balance policy). Year-over-year continuing operations in the General Fund are up \$3,545,986 or 13.2%, the majority of which is driven by salary adjustments related to the City's recent wage study.

The \$327,668 decrease in estimated revenues (excluding operating transfers in), as seen in the table below, is primarily driven by a forecasted drop in Local Option Sales Tax (LOST) revenue. However, with the recently agreed upon distribution and the certificate about to be executed, it may warrant further analysis at midyear. Staff is also closely monitoring economic conditions as a cooling economy may affect our revenue forecasts.

The proposed maintenance and operating (M & O) expenses (excluding operating transfers out) are \$30,360,097—an increase of \$3,545,986 or 13.2% over the FY 2022 amended budget. (Please note, the change in M&O expenses from the adopted budget in FY 2022 to the final amended budget in FY 2022 was an increase of \$444,117 or 1.7%.) The year-over-year increase of 13.2% is the result of a few key factors, including:

- Market adjustments to salaries of approximately \$1.5 million. This proposal will support Milton's goal of
 retaining and recruiting the best workforce to serve our citizens and community. Our staff is critical to
 carrying out the City's mission, vision, and values. Ensuring that we offer a competitive employment
 package including wages, benefits, facilities, equipment, staff support, and more is vital to this
 effort.
- New initiatives proposed by staff that will support enhanced services or programs within their departments are in the amount of \$1,063,756. Please see the separately detailed M&O Initiatives section for a detailed explanation of each request and how they tie back to the City's overall Strategic Plan.

The Executive Summary for provides additional in-depth information regarding year-over-year variances in this budget proposal.

	FY 2022 Amended Budget	FY 2023 Adopted Budget	\$ Variance	% Variance

General Fund Year-Over-Year Comparison

FINANCIAL OUTLOOK

Risks remain regarding future revenue collections. Taxes, including real property, personal property, sales and use, and a handful of other categories, make up roughly 91% of Milton's FY 2023 revenues – a significantly higher proportion than many North Fulton cities. Staff will continue strategizing to reduce the City's reliance on property tax revenue as prescribed by the City's Revenue Administration Policy and 2021-2025 Strategic Plan.

Some of the City's significant revenue streams may become susceptible to a possible economic downturn as suggested by some experts. Should sales drop, Local Option Sales Tax (LOST) and Title Ad Valorem Tax revenues could fall quickly, forcing us to revise forecasts. And, should a prolonged downturn occur, we can expect some lagging tax revenue categories to be impacted, such as Real Property Tax. Fortunately, the City's pay-as-you-go program generally insulates us from short-term economic shocks.

Overall, Milton's history of conservative budgeting and tight fiscal policies, paired with our outstanding stewardship of taxpayer dollars, affords us financial health and stability. We have one of the lowest expenditures per capita in North Fulton, which is quite an accomplishment when considering our capped millage rate, limited commercial footprint, and "rural by design" community vision. Our conservative fiscal policies have provided a solid foundation, and continued adherence to these policies should produce the desired effect. Our financial outlook remains excellent.

ACKNOWLEDGEMENT

The development of this Proposed FY 2023 Budget is a significant undertaking by each of the City department heads and their staff. I sincerely appreciate the efforts and contributions, and sometimes sacrifices, made by our employees to ensure the best possible outcomes for the City of Milton.

Special recognition is extended to Assistant City Manager Bernadette Harvill for her leadership and dedication to creating a budget plan designed not only to execute our Mayor and City Council's vision, but to educate and inform all. Additionally, I would like to congratulate her on receiving the GFOA Distinguished Budget Presentation Award for the FY 2019, FY 2020, FY 2021, and FY 2022 submissions. Efforts such as these undoubtedly contribute to our citizens' improved trust that the City government acts in their best interests (as indicated in Milton's 2022 National Community Survey).

Finally, I would like to thank Mayor Peyton Jamison and our City Council members for their enduring support and insistence upon sound financial policy that helps keep Milton the best place to live, work, and play in Georgia and beyond.

Respectfully Submitted,

Steven Krokoff

City Manager

TOP 10 BUDGET QUESTIONS

What is the Milton millage rate?

The maintenance and operating (M&O) millage rate for FY 2023 is 4.469. Milton's millage rate was capped at 4.731 in the 2006 state legislation passed creating the City of Milton.

Why do I pay taxes to Fulton County and the City of Milton?

Fulton County provides certain services that are not provided by the City's Charter. (See Glossary for Charter definition.)

What does my Fulton County tax portion cover?

Your county tax portion covers public education, health department, health inspectors, animal shelters, jails, public libraries, etc.

What does my Milton tax portion cover?

As per the City's enabling legislation in 2006, Milton provides fire, police, community development, public works, parks and recreation services, and municipal court services to its residents using the millage rate noted in Question 1 above. In addition to these baseline city services, the city must also budget for any capital improvement projects including infrastructure improvements such as sidewalks, road improvements beyond routine pavement management, and additional parks and facilities.

How much revenue comes from real and personal property taxes?

In FY 2023, \$14,930,155 is budgeted for real and personal property taxes in the General Fund. This figure is based on the M&O millage rate of 4.469 mills, and includes anticipated revenue from: current year taxes, prior year taxes due as a result of final approved assessments from Fulton County, delinquent taxes due and penalties and interest on those delinquent taxes.

How much revenue comes from Local Option Sales Tax?

In FY 2023, \$10,674,076 is budgeted for Local Option Sales Tax (LOST) collections.

What percentage of the operating budget is spent on public safety?

Public safety, which is made up of Police and Fire, makes up 52.9% of the budgeted operating expenditures in FY 2023 (this calculation does not account for any operating transfers out to other funds).

Does Milton have a financial policy regarding how funds are reported, invested and audited?

 \mathbf{O}

The Milton Code of Ordinances outlines the Financial Management Program in Chapter 2 Article VI. This section includes policies specific to the budget, fund balance, investing, debt management, purchasing, revenue administration and more. Please see page 44 for a more in-depth look at some of the City's financial policies.

What is a fund?

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

How many employees work for the City of Milton and how does that breakdown by department?

The City currently has 173 budgeted full-time employees, 24 budgeted part-time employees, and 27 budgeted seasonal employees. For a complete listing of employees by department and new position requests please refer to page 39.

EXECUTIVE SUMMARY

The City of Milton's Fiscal Year 2023 adopted budget is based on anticipated citywide revenue collections of \$56.1 million. The City's budget is comprised of one general fund, six special revenue funds, and six capital projects funds.

General Fund

Special Revenue Funds

- Special Events Fund
- Confiscated Assets Fund
- E-911 Fund

Capital Projects Funds

- Capital Projects Fund (Primary)
- Capital Grant Fund Greenspace Bond Fund
 - Impact Fee Fund

TSPLOST Fund

- Revenue Bond Fund

• Operating Grant Fund

Hotel/Motel Tax Fund

American Rescue Plan Act Fund

General Fund Overview

The General Fund, the City's main operating fund, includes \$38 million in projected revenues or 69% of the citywide total. This represents a \$327,668 or 0.9% decrease in operating revenues (excluding operating transfers in and budgeted fund balance) as compared to the Fiscal Year 2022 amended budget. This decrease is primarily a result of anticipated local option sales tax revenue changes (\$1,253,601) as well as projections for land disturbance permits (\$100,000) and planning & development fees (\$73,000) projected to align closer to historic trends. These forecasted decreases are being primarily offset by anticipated increases to real property-current year taxes (\$1,414,456) and investment income (\$122,040).

KEY GENERAL FUND REVENUE FACTS

- The FY 2023 maintenance & operating (M&O) millage rate is 4.469 mills. This rate represents a decrease of 0.262 mills or 5.5% from last year's millage rate.
- Property taxes for the 2022 calendar year will fund the FY 2023 budget.
- The budget was balanced using \$1,295,036 from excess fund balance for the purposes of funding capital initiative requests and pay-as-you-go projects related to vehicle replacements, park improvements, pavement management, and more. These funds are a result of additional revenues received and cost-savings from prior years that are above and beyond the City's required reserves.
- Local Option Sales Tax (LOST) is the City's second largest revenue source after property taxes. This revenue source is economically driven, and staff takes this into account when forecasting anticipations each year. Another significant consideration for FY 2023 is the current distribution negotiations that will determine Milton's share of this revenue source for the upcoming decade. Our commitment to conservative forecasting led us to project growth based on recent collections and trends. This is reflected in the overall decrease of \$1,253,601 or 10.5% from the amended FY 2022 budget in LOST revenue for Milton. Staff will forego certain spending, including filling some of the newly approved positions, until after the negotiations are complete.
- In FY 2022, operating transfers in accounted for a reimbursement to the General Fund for American Rescue Plan Act (ARP) Act related expenses (\$10,053,427), funding from the impact fees fund to reimburse eligible expenses associated with constructing the Public Safety Complex (\$55,000), as well as staff time related to the State of Georgia Public Safety Officials and First Responders Supplement Grant (\$103,479). These are one-time revenue transfers that will not recur in FY 2023.

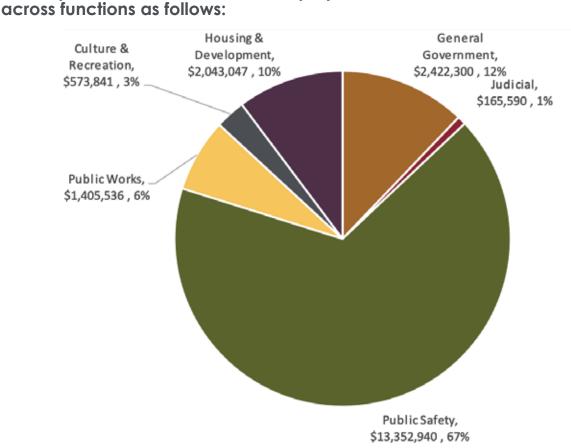

General Fund Revenues (Excluding Interfund Transfers)

	FY 2022 Amended Budgeł	FY 2023 Adopted Budget	١	\$ /ariance	% Variance
REVENUES					
Taxes	\$ 34,695,476	\$ 34,509,084	\$	(186,392)	(0.5)
Licenses & Permits	1,752,700	1,672,030		(80,670)	(4.6)
Intergovernmental Revenues	6,660	5,000		(1,660)	(24.9)
Charges for Services	788,650	579,505		(209,145)	(26.5)
Fines & Forfeitures	628,832	740,000		111,168	17.7
Investment Income	78,200	200,240		122,040	156.1
Contributions & Donations	26,076	-		(26,076)	(100.0)
Miscellaneous Revenue	264,087	242,153		(21,934)	(8.3)
Proceeds From Sale Of Assets	55,000	20,000		(35,000)	(63.6)
TOTAL REVENUES	\$ 38,295,681	\$ 37,968,013	\$	(327,668)	(0.9)

KEY GENERAL FUND EXPENDITURE FACTS

- Milton's Mayor and Council passed a new strategic plan in March 2021. Strategic Plan 2021-2025 was instrumental in guiding decision-making throughout the FY 2022 and FY 2023 budget processes. All new initiatives tie back directly to one of the three Strategic Priorities set out in the plan and furthermore to the goals outlined under each priority. This ensures that all requests are aimed at fulfilling the initiatives set out in the planning process which involved community input, stakeholder meetings, Council work sessions, and dedicated staff time, all guided by our partners at BerryDunn.
- Year-over-year expenditure requests for continuing operations (including the required 1% contingency) have increased by approximately 9% -- including the requested market adjustments to salaries explained in detail below.
- The Salaries and Employee Benefits category (excluding new position requests) increased \$2,615,615, or 15%, year-over-year. Primary contributors to this increase include the following:
 - The market adjustments to salaries included in the FY 2023 budget (inclusive of the impact on salary-dependent benefits) is approximately \$1.8 million, of which \$1.5 is attributable to salaries & wages. These adjustments include:
 - A 20% increase to Police Officer pay (\$684,443);
 - A 15% increase to Firefighter, Fire Apparatus Operator, and Captain pay; a 9% increase to Battalion Chief pay; and an 8% increase to Deputy Fire Chief pay (\$685,637);
 - A 10% increase to administrative pay (\$345,643); and
 - A 3-11% increase to Department Head pay (\$127,763).
 - In June 2020, Council approved initiatives related to personnel modifications including a reorganization of the Finance Department to reclassify the Financial Services Administrator position to that of Finance Director and the addition of one part-time Accounts Payable Coordinator. Additionally, Council approved the addition of two firefighter/paramedic positions in the Fire Department. These positions were approved at mid-year, so the FY 2023 budget reflects a full year's budget for these positions. Prior to the recommended market adjustment to salaries, these positions were anticipated to increase the budget by approximately \$82,393 in Finance and \$163,489 in Fire as outlined in the amendment approved on June 20, 2022.
 - Additionally, certain vacancies in Community Development were covered through contracted services paid for with salary savings that were transferred to the contracted services account. FY 2023's budget contemplates full staffing by City employees impacting that budget increase as well.

Salaries and benefits make up the largest portion of the maintenance & operating budget at \$19,963,254 or 68% of expenditures excluding interfund transfers and new initiatives. (M & O initiatives related to salaries and benefits will be discussed later.)

The City's Personal Services and Employee Benefits costs break down across functions as follows:

- Operating expenditures excluding personnel costs, debt service, contingency, and new initiatives total \$9,032,493. This is approximately \$433,979 or 4.6% less than FY 2022's amended budget. The most significant drivers of this decrease are related to professional/contracted services and property services. Specifically:
 - Milton accounts for expenses associated with municipal elections in the City Clerk department. Elections typically occur every other year and the costs associated with the November 2021 general and runoff elections will not recur in FY 2023 resulting in a decrease of \$155,039. The City has also completed its scanning project further reducing the budgeted expenses in the Professional Fees account an additional \$34,368.
 - The Community Development department covered vacant positions in FY 2022 utilizing contracted services. In FY 2023, these positions are anticipated to be filled by City-employed staff, thereby reducing the contracted services line by \$100,000. Similarly, Public Works will be utilizing in-house staff for certain projects reducing professional services in the department by \$82,422.
 - The City incurred contract labor expenses related to resurfacing the parking lot at Bell Memorial Park that will not recur in FY 2023, attributing to a further \$90,000 reduction to the professional services category.
 - The decrease in Property Services from FY 2022 to FY 2023 is primarily being driven by one-time expenses related to the mold remediation process at Fire Station 41 (\$170,041), which have been offset by increases to the facility repair & maintenance line for City Hall to allow for caulking, pressure washing, and painting of the building along with Community Place (\$65,000), server room upgrades (\$15,000), and the installation of an epoxy floor at the Broadwell Pavilion (\$15,000).

- Transfers out of the General Fund include \$6,866,055 to the Capital Projects Fund for projects funded through the City's pay-as-you-go funding program. Milton's capital projects have historically been funded utilizing this strategy in an effort to keep debt at a minimum. Overall transfers to the Capital Projects Fund are down 68.6% from FY 2022's amended budget. There are two contributing factors to this decrease related to one-time transfers that will not recur in FY 2023:
 - Milton's conservative budgeting and responsible spending in the General Fund, coupled with higher than anticipated revenues, resulted in a fund balance in excess of required reserves. This excess fund balance was allocated to existing one-time projects as required by law through an increase to the original FY 2022 operating transfer out to the Capital Projects Fund in the amount of \$4 million. Transferred funds were allocated among several projects including: tier I master plan projects at Birmingham Park (\$282,550), inflation-related increases to construction costs, as well as the inclusion of a metal roof and a budget for furniture, fixtures, and equipment at Fire Station 42 (\$513,802), the purchase of new cardiac monitors for the Fire department (\$231,700), construction related funding for the build out of a new active athletic complex (\$2,000,000), as well as planning, design, and construction related funding for Fire Station 45 (\$1,000,000).
 - The City was also awarded \$14.8 million in federal funding through the American Rescue Plan (ARP) Act. Of this, \$10.1 million was transferred to the Capital Projects Fund as a result of recovered revenues as well as the ability to free up previously budgeted operating funds related to ARP eligible expenses. These recovered funds were directed to the build-out of a new active athletic complex once a site has been determined.

There is also a request to transfer \$1,649,025 to the Revenue Bond Fund to cover debt service payments due in FY 2023. Revenue bond debt service, unlike general obligation bond debt service, is paid for utilizing operating revenues transferred out to cover the debt owed for the given fiscal year.

Finally, there is a transfer of \$180,000 to the TSPLOST Fund. This funding will go towards the City's match on an upcoming federal grant opportunity associated with the Trail Connection to the Big Creek Greenway project being handled by the Public Works department.

MAINTENANCE & OPERATING (M & O) INITIATIVE HIGHLIGHTS

- All new initiatives tie back to one of three strategic priorities set by the Mayor and Council in Strategic Plan 2021-2025. Under Strategic Priority #1, Goal# 7: Effective Information Technology, the objectives and outcome measures call for enhanced service delivery from Information Services staff. Staff is requesting the addition of an in-house Information Services Director who will be focused on Milton's needs in this area as opposed to utilizing a contractor to manage and prioritize the delivery of these services. This request will have annual salary and benefit implications that will be offset by the reduction of hours under the managed services contract and any other improvements this person can identify for future years.
- Similarly, the Communications, Police, and Community Development have identified staffing needs within their departments. These positions will fall under Strategic Priority #1, Goal #5: Diverse, Engaged, Healthy Workforce allowing for adequate staffing to accomplish the goals and priorities of each department.
- The Police and Fire departments also have staffing requests that will help support their ability to fulfill Strategic Priority #1, Goals #2 & 4: Critical Event Preparedness and maintain a Safe and Secure Community with their requests for three additional part-time Public Safety Ambassadors, an additional Deputy Chief, and a full-time EMS Training Officer.
- Finally, under Strategic Priority 3's goals Parks & Recreation has requested the addition of one full-time Outdoor Recreation Manager as well as part-time staff to help supervise active programming citywide, activity at Milton City Park and Preserve, and the creation of a summer day camp program staffed by seasonal City employees.

Please see the detailed requests associated with all new M&O Initiatives beginning on page 134.

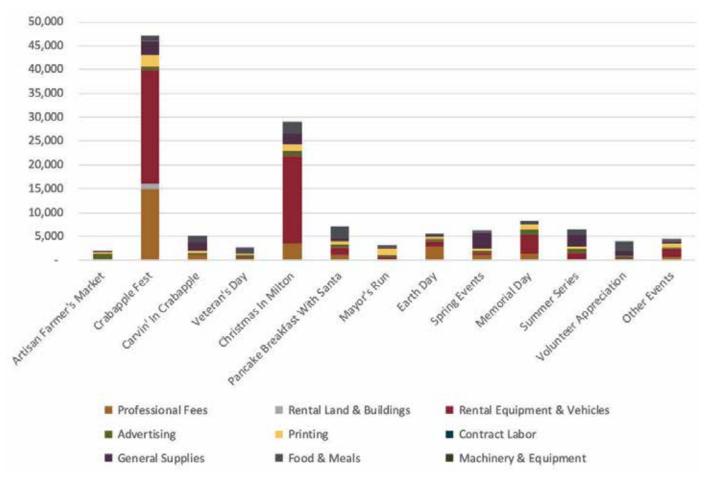

Special Revenue Funds Overview

The City adopts annual budgets for each Special Revenue Fund that demonstrate any legally restricted revenue sources and anticipates activity in the given year. In FY 2023, \$1.3 million in anticipated revenues are attributable to the four Special Revenue Funds with budgeted appropriations (excluding interfund transfers in and budgeted fund balances).

SPECIAL EVENTS FUND

Milton's Special Events Fund is budgeted as a Special Revenue Fund for the purposes of tracking revenues, expenditures, and fund balances associated with running the City's year-long events program. The main funding source for this fund is operating transfers in from the Hotel/Motel Tax Fund (\$55,000). Revenues, excluding budgeted fund balance, are expected to decrease by \$53,599 or 41% from FY 2022's amended budget. This decrease is being driven by the use of fund balance (revenues exceeding anticipated spending) that accumulated during the pandemic when events had to be postponed or cancelled altogether to balance the anticipated expenditures in FY 2023.

Expenditure appropriations within the fund span over 12 scheduled event categories and one "other events" category that allows for the City's involvement in unplanned events that may come up. Event costs in FY 2023 are scheduled to be similar to those budgeted in FY 2022.

Special Events Expenditures by Event/Category

CONFISCATED ASSETS FUND

The Confiscated Assets Fund is utilized to account for the use of confiscated assets by the City's Police Department. Both federal and state confiscated assets are maintained within this fund, and guidelines issued by both jurisdictions must be adhered to at all times. Confiscated assets are used for new endeavors and cannot supplant budgets appropriated in other funds. In FY 2023 Milton's Police Department plans on looking for opportunities to obtain new equipment and search for new training opportunities with the remaining fund balance.

E-911 FUND

The Emergency 911 (E-911) Fund has been set up to account for monthly 911 charges to help fund the cost of providing emergency 911 services to the community. Milton currently has an active Intergovernmental Agreement (IGA) with the City of Alpharetta for such services. Alpharetta runs the 911 center, including emergency communication services. In order to compensate Alpharetta for these services, Milton turns over 100% of its E-911 collections to them. Revenues are anticipated to slightly decrease by \$5,000 to \$1,200,000 and a corresponding consistency to expenditures for payments to Alpharetta has also been budgeted at \$1,200,000.

OPERATING GRANT FUND

When Milton receives operating grants in excess of 2% of the General Fund's expenditures, it must account for them in the Operating Grant Fund. The Police Department has been the recipient of funding from the Criminal Justice Coordinating Council, which is currently being accounted for in this fund. Any eligible spending that carries over to FY 2023 will be allocated though the amendment process.

AMERICAN RESCUE PLAN ACT FUND

In June 2021, the Georgia Department of Community Affairs set up a new fund to account for all Local Fiscal Recovery Funds received by local governments through the American Rescue Plan (ARP) Act of 2021. Milton will account for all incoming revenues in this fund and will allocate these funds across eligible expenses based on the Mayor and City Council's approved a spending plan. At the end of FY 2022 the remaining fund balance is \$1,513,730, which will be assigned once spending for eligible projects has occurred.

HOTEL/MOTEL TAX FUND

The Hotel/Motel Tax Fund accounts for the occupancy tax collected by the City from area hotels and motels and is distributed according to the relevant state statute. Milton currently collects this tax at a rate of 3%. Since FY 2018, 100% of the collections have been transferred to the City's Special Events Fund to promote tourism to Milton and to foster community engagement. The anticipated revenues and expenditures of this fund are expected to remain consistent year-over-year at \$55,000 respectively.

Capital Projects Funds Overview

Annually, the City reviews its seven-year capital improvement program and submits a formal Capital Improvement Plan (CIP) as a part of its budget process. City Code requires a five-year plan, but staff has chosen to add an additional two years in order to allow added flexibility and adequate time for planning. In FY 2023, all six budgeted capital projects funds have been incorporated into the seven-year Capital Improvement Plan and account for \$15.5 million in direct revenues (excluding interfund transfers in and budgeted fund balances).

CAPITAL PROJECTS FUND (PRIMARY)

The primary Capital Projects Fund is used to account for capital expenditures made by the City on long-term projects that are not required to be accounted for in a separate fund. Milton has historically funded the majority of its capital projects employing a pay-as-you-go strategy; therefore, the main revenue source for this fund is an interfund transfer in from the General Fund. FY 2023's budget continues the strategy of utilizing pay-as-you-go funding to implement the adopted Parks & Recreation master plan, the City's trail plan, vehicle/apparatus replacements, pavement management, and other public works infrastructure maintenance projects. In addition to the interfund transfer in from the General Fund, the Capital Projects Fund has other smaller revenue sources that make up about 5% of its anticipated revenues in FY 2023. Infrastructure maintenance fees charged to solid waste haulers at a rate of 5% of the company's gross receipts are anticipated to bring in approximately \$110,000 that will go towards the City's pavement management program and \$250,000 in anticipated revenues from an IGA with the City of Alpharetta to be utilized towards Cox Road intersection improvements.

GREENSPACE BOND FUND

The Greenspace Bond Fund is used to account for the proceeds of the General Obligation Bonds, Series 2017, issued by the City, related capital projects, and the debt service due on the bonds. In November 2016, voters resoundingly approved a referendum to issue \$25 million in bonds to fund the acquisition of greenspace. The repayment of the debt incurred is funded through a separate millage rate outside the M & O millage rate explained earlier. FY 2023 includes debt service for both principal and interest in the amount of \$1,709,375. The millage rate to collect tax revenues to make these payments is 0.452 mills (down from 0.487 in FY 2022). Expenditures related to land acquisition occur once the Mayor and Council members approve a purchase, a move that follows research and recommendations made by the Milton Greenspace Advisory Committee.

TSPLOST FUND

The TSPLOST Fund is used to account for the proceeds of the transportation local option sales tax and the various improvement projects outlined in the program. As multiple funding sources begin to be utilized across projects, this fund has been merged into the larger CIP for ease of project tracking. Both TSPLOST initiatives – which were approved by voters in the November 2016 and November 2021 elections – include a dedicated project list. The TSPLOST Fund is budgeted to bring in approximately \$7.7 million in revenues in FY 2023 excluding operating transfers in. These funds will go towards infrastructure projects including: intersection improvements at Cox Road, extended sidewalks along Mayfield Road, pedestrian enhancements in Crabapple, a trail connection to the Big Creek Greenway, traffic calming initiatives identified in the Local Road Safety Plan, and road paving throughout the city.

CAPITAL GRANT FUND

The Capital Grant Fund was set up to account for capital grant revenue and expenditures made by the City. Site improvements including the construction of new restrooms at Providence Park are continuing through FY 2023 utilizing a project-length budget as approved by the Mayor & Council. The only new budget request in FY 2023 is related to the Local Maintenance and Improvement Grant (LMIG) at \$440,000, which will go towards funding the FY 2023 pavement maintenance program.

IMPACT FEES FUND

In October 2015, Milton began collecting impact fees on new development projects to offset costs associated with providing City services to these new developments and their residents and businesses. This fund accounts for impact fees restricted for the acquisition or construction of specific capital projects outlined in the City's Capital Improvements Element (CIE). Revenues are estimated to remain flat as the City updates the methodology for the program. Anticipated changes that come out of the study will be addressed through the City's budget amendment process in FY 2023. As the City has recently adopted several master plans, has completed related infrastructure projects, and has procured land and active sports fields, a re-write is warranted to update the impact fee-related plan.

To date, impact fees have helped fund the following projects:

- Land acquisition including a leased baseball field, the Cox Road athletic park complex, the active acres on Dinsmore Road, and more;
- Playground structure adjacent to Broadwell Pavilion;
- Live Fire mobile training facility;
- Fire Department storage building located behind Fire Station #43;
- Intersection improvements at Hopewell Road and Birmingham Road, as well as Freemanville Road and Providence Road;
- Public Safety Complex on Highway 9.

Please see the City's Capital Improvements Element Annual Update for more detailed information.

REVENUE BOND FUND

The Revenue Bond Fund has been set up to account for proceeds and expenditures related to the issuance of revenue bonds. Its purpose is to fund projects faster than is possible under the pay-as-you-go strategy utilized by the City and the related debt service on the bonds. In years past, the revenues and expenditures budgeted in this fund were tied to improvements made at Bell Memorial Park. As that project has concluded, this fund will now account for the proceeds and expenditures related to the newly constructed Public Safety Complex on Highway 9, the replacement of Fire Station #42 on Thompson Road, and an alerting system for the Fire department.

Milton's Mayor and Council members approved this funding strategy in FY 2018, and the bonds were issued in October 2019. This bond issuance included the refunding (refinancing) of the debt related to the Bell Memorial Park renovation/expansion project. The debt service for this new issuance will be funded through an operating transfer from the General Fund in the amount of \$1,649,025 in FY 2023.

CONCLUSION

The Fiscal Year 2023 Budget illustrates the City's dedication to providing the highest level of services while maintaining sound fiscal policies. This budget is the product of much collaboration and commitment by "Team Milton." The goal is to develop a plan that addresses the City Council's major policy goals and priorities, upholds our residents' vision for their community, and protects the City's financial health now and into the future. CITY PLANNING PROCESSES

Milton's budget is guided by an array of plans that lay the groundwork for what is expected from Council, City staff, citizens, and other governing entities. Below is a list of some of the plans that inform the City's operating budget, capital improvement program, and other financial processes.

PLAN NAME	DESCRIPTION	PURPOSE	BUDGET IMPACTS
Strategic Plan 2021-2025	A comprehensive, high-level five year road map to accomplishing key community goals.	Outline future goals and strategies for the Milton community and the City organization.	This document provides guidance for all decisions related to budget requests All new and enhanced services must fall under one of the five goals listed in the plan.
Comprehensive Plan	This plan sets the overall development vision and character for the City. It establishes the land-use and development policy to acheive the desired vision and character long-term. This document is updated every five years per the State's planning guidelines, and requires community input and feedback. This plan also includes a short-term work program that list projects the City should pursue in the five years between updates, including feasibility studies, planning studies, and capital projects across all city departments.	To set the vision for the community and guide the development decisions to realize the overall vision in the long term. Provides a five-year work program to accomplish the goals set out in the Comprehensive Plan.	The directives from the Comprehensive Plan's policy statements drives projects and work loads of various city departments. Some initiatives require budgeting for consulting services, staff, equipment, facilities, and real estate.
Deerfield LCI (Livable Centers Initiative)	This document is a detailed plan for a major commercial corridor of the City, the Deerfield, Hwy 9, and GA 400 areas. This plan is a componen- tof the Comprehensive Plan and establishes the character and vision specific to the area and also recommends the zoning and transportation network that would the desired community development patterns. This plan established Deerfield as an area of mixed neighborhood styles, an economic generator, and accessibility corridor.	To set a detailed vision and recommend tools specific to the major commercial corridor that would offer a live-work-play community and encourage a more compact and connected development pattern, such as connecting adjacent new residential development to commercial areas where appropriate.	The directives from the project recommentation lists may require budgeting for consulting services, staff, equipment, facilities, and real estate.

PLAN NAME	DESCRIPTION	PURPOSE	BUDGET IMPACTS
Crabapple LCI (Livable Center Initiatives)	This document is a detailed plan for the development of the City's downtown, Crabapple. This plan establish- es the character and vision specific to the area and makes various recommendations that would encourage the desired community development patterns. The plan established Crabapple as an area of mixed uses with a mixture of residential neighborhood styles, and the site for downtown Milton and a civic center.	To set a detailed vision and recommend implementation tools specific to the small area that would encourage a diversity of medium- to high-density, mixed neighbor- hoods, employment, shopping and recreation while preserv- ing the historic characteristics of activity and town centers and create a community identity.	The directives from the project recommentation lists may require budgeting for consulting services, staff, equipment, facilities, and real estate.
Capital Improvements Element (related to Impact Fees)	This is a list of Impact Fee eligible projects pulled from the master plans from Fire, Police, Transportation, and Parks & Recreation.	To have a list of eligible projects to post impact fee funds to.	Only a portion of the impact fees can be applied to these projects, therefore the remaining balances need to be accounted for.
Local Road Safety Plan	Plan that identifies and engages stakeholders, collects and analyzes safety data, and evaluates and implements cost effective proven solutions to address local road safety.	Address roadway concerns through a combination of engineering, enforcement, education, and emergency services to strategically make our roadways as safe as possible.	Funding of strategies and action plan to implement identified solutions.
Milton Comprehensive Transportation Plan	Local plan, updated approximately every five years, that inventories existing conditions, analyzes current and future needs, and develops project recommendations to respond to these needs.	Understand the transportation needs that exist for the community, and create projects and policies to address them.	Provides estimates for projects tied to a constrained budget.
Fulton County Transit Master Plan	Review of community vision and economic development strategies, analysis of existing transit services and needs, market analysis, transit scenario development, and financial model to determine the potential for expanded transit services within Fulton County.	ARC, MARTA, Fulton County, and the 14 participating cities managed plan to determine potential expansion of transit services in Fulton County."	While this plan is based on a transit sales tax as the primary funding mechanism, other revenue sources may be explored.
North Fulton Comprehensive Transportation Plan	Regional plan updated approximately every five years that inventories existing conditions, analyzes current and future needs, and develops project recommendations to respond to these needs.	Identifies cross-jurisdictional projects and an action plan for moving priority recommendations forward.	Provides estimates for projects, cost sharing, and other funding opportunities.

PLAN NAME	DESCRIPTION	PURPOSE	BUDGET IMPACTS
Transportation Project Improvement Plans	Transportation improvement plans go through a process that involves concept development, public involvement, and utilizes context-sensitive design.	Develop an improvement plan that is harmonious with the community, and preserves aesthetics, history, and environmental resources, while integrating innovative approaches with traditional transportation goals for safety and performance.	Cost estimates are developed with each phase that are reflected in the project budget.
Pavement Management Plan	City-wide evaluation of public streets to establish a Pavement Condition Index (PCI) rating for each road and the implemen- tation of a pavement man- agement database.	The pavement evaluation and database system are used to plan, budget, and manage the maintenance, repair, rehabilitation, and/or replace- ment of the city's entire roadway system.	The 5 year rehabilitation program uses budget forecasts and an optimum financial plan that will be required to maintain desired acceptable pavement serviceability.
Stormwater Management Plan	The 5 year plan that outlines annual reporting requirements for public education and outreach on stormwater impacts/pollution prevention, construction site runoff control, regulation of public and private stormwater infrastruc- ture, and illicit discharge detection and elimination.	Plan that supports meeting the requirements of all National Pollutant Discharge Elimination System (NPDES) Stormwater Permit and sustaining a safe and effective stormwater management program designed to reduce the discharge of pollutants and protect watersheds.	Identifies the internal and external resources needed to perform work necessary to satisfy regulatory requirements including implementing capital improvements, opera- tions and maintenance of stormwater infrastructure, and City owned facilities.
TSPLOST Project List	Five-year plan for use of transportation sales tax revenues.	Implement projects that address congestion, operations, bridges and pedestrian improvements.	Utilizes an implementation plan that fully funds a project phase before moving forward.
Milton Community Trail Prioritization Plan	This is an update (2020) to the Trail & Pedestrian Master Plan.	To establish implementation priorities for the construction of the trail master plan.	This plan helps to establish annual capital expenses in phases needed to construct newly prioritized portions of the trail network.
2027 Parks and Recreation Master Plan	Ten-year Master Plan for parks, recreation programs, and open space development.	The Parks & Recreation Department uses the plan to establish the levels of service for park facilities and programs. We also receive guidance from the seven-member Parks & Recreation Advisory Board.	This plan helps to establish annual capital expenses and the amount of maintenance and operating expenses that will be required to maintain new and existing parks' facilities.
Providence Park Master Plan	Ten-year Master Plan for redevelopment of Providence Park.	The Parks and Recreation Department, working with the services of a consulting firm, received guidance from the community, the seven- member Parks & Recreation Advisory Board, and elected officials to come up with a plan for Providence Park.	This plan helps to establish annual capital expenses and the amount of maintenance and operating expenses that will be required to maintain Providence Park.

PLAN NAME	DESCRIPTION	PURPOSE	BUDGET IMPACTS
The Park at the Former Milton Country Club Master Plan	Master plan for redevelopment of the active acres and preservation/restoration of the passive acres of the park including land management and a trail concept plan.	To establish a concept plan with input from Mayor & Council, City staff, PRAB, and citizens/stakeholders for the park on Dinsmore Road which includes both active and passive components.	This plan helps to establish annual capital expenses in phases needed to address recommendations for development/enhancements to the active acres as well as restoration/preservation and enjoyment of the passive acres.
IT Strategic Plan	Three-year plan that identifies IT needs for each department and how the City will strategically address the needs.	Reviews current hardware and application needs and provides a replacement and implementation schedule that takes into consideration budgetary restraints.	Determines budget allocations needed to achieve the goals and objectives of the City.
Emergency Operations Plan	This describes roles and responsibilities during large-scale disasters or emergenices. The plan encompases Police, Fire, Communications, and Public Works, as well as other support departments.	The purpose of this plan is to guide the City in preparedness, response, recovery, and mitigation of large-scale events that are beyond the routine types of emergency and non- emergency events regularly handled by deparments.	This plan primarily makes use of exisiting City resources, and lays out coordination and documentation procedures that may be needed for recovery funds through a Stafford Act declaration. It also addresses emergency purchasing, as outlined in the City's Financial Management Program.
Local Emergency Operations Plan	This describes roles and responsibilities during large-scale disasters or emergencies. The plan encompasses Police, Fire, Communications, and Public Works, as well as other support departments.	The purpose of this plan is to guide the City in preparedness, response, recovery, and mitigation of large-scale events that are beyond the routine types of emergency and non- emergency events regularly handled by deparments.	This plan primarily makes use of existing City resources, and lays out coordination and Funding of strategies and action plan to implement identified solutions. documentation procedures that may be needed for recovery funds through a Stafford Act declaration. It also addresses emergency purchasing, as outlined in the City's Financial Management Program.
Hazard Mitigation Plan	Milton participates in development of this county- wide plan every 5 years. It assesses the various hazards facing the metropolitan area and highlights ways of making the community more resilient	The purpose of this plan is to guide mitigation of the impacts of human and natural disasters on a county-wide basis, including in the City of Milton.	Participation in the plan may provide mitigation grant opportunities in the wake of a Stafford Act Declaration.
Milton Fire-Rescue Department Five-Year Strategic Plan	A five-year strategic plan that includes objectives to accomplish both city-wide initiatives outlined in the City's Strategic Plan as well as integral fire-department considerations to improve service delivery, firefighter safety and health, and professionalism.	The purpose of this plan is to ensure our planning and funding requests align with the City plan and with department-identified needs for the period between 2021 and 2025.	Unless there are unforeseen legal or operational mandates during the period covered, new capital and operating initiatives will be based on this plan.

Strategic Planning and Performance Measurement

City Council in March 2021 unanimously approved Milton's 2021-2025 Strategic Plan. Led by the Mayor and Council members, and in tandem with other guiding documents like Milton's 2040 Comprehensive Plan, the Strategic Plan will drive City decision-making for this 5-year stretch. In doing so, it will help ensure the City efficiently and effectively serves its citizens while living up to the Plan's values and realizing its priorities, goals, and objectives.

MILTON'S STRATEGIC PLAN

Milton's Strategic Plan grew from a deliberate, innovative, and inclusive process aimed at reflecting City leaders and the public's will for the municipal government. The project team partnered with BerryDunn to solicit input from elected officials, City staff, business owners, a diverse assortment of other key stakeholders, and citizens – the latter through surveys, an online engagement website, social media posts, and interactive forums. The goal from all this was to get people's thoughts on what the City does well, what it should focus on going forward, and what its governing philosophy should be.

This collaboration led to an updated Strategic Plan to guide the City Council and staff while setting expectations for all of those who interact with the City. Central to this document are an update mission, vision, and the core values of service, teamwork, ownership, leadership, and rural heritage that should guide actions each Team Milton member takes while serving the community.

In addition, these three strategic priorities are central to the Plan:

- Ensure Milton's Sustainability and Resiliency
- Continue Smart Land Planning to Keep Milton Unique
- Acquire, Manage, and Develop Public Land and Resources to Support Milton's High Quality of Life

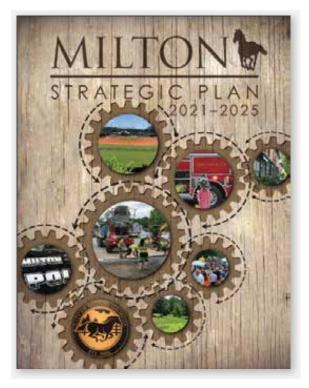

Under each of these priorities is a clear "current state" (what Milton is like now) and "future state" (what Milton should be like by 2025). The Strategic Plan then lays out a number of goals, objectives and outcome measures – each with a proposed timeline and clear deliverables – designed to help the City reach its desired "future state."

To learn more about this process and read Milton's 2021-2025 Strategic Plan, go to **www.miltonga.gov/StrategicPlan**

While the Strategic Plan is a foundational document, it is not the only one that will guide Milton's decision-makers – and thus budgetary decisions – in the coming years. The 2040 Comprehensive Plan, for example, features dozens of short-term work programs on an array of topics that arose from an extensive, community-driven process. There are also several other important documents (several of them "master plans") approved by Council – such as ones related to transportation, emergency management, parks and recreation, trails, and specific properties like the former Milton Country Club – that involved extensive community input and could factor into budget requests as well. It is incumbent on City staff, along with Council, to consider all these plans in a cohesive manner that helps accomplish goals set by City leaders.

Milton has several performance and outcome measures that allow City staff to track accountability and progress towards accomplishing the goals and objectives/strategies set out in these plans. One is the National Community Survey (NCS), a standardized, scientific survey that allows the City of Milton to compare itself to past performances and other local governments on a variety of measures including governance, safety, recreation and more. The City's FY 2023 budget funds this survey, which should be completed in time for its results to inform planning for the FY 2023-FY2025 budget years. Please see **www.miltonga.gov/ncs** for a complete overview of the responses received in the NCS's conducted in 2009, 2012, 2014, 2016, and 2019, as well as information regarding the forthcoming 2022 survey.

Additionally for FY 2023, each department has submitted division-specific goals, strategies, and performance measures to be included in the Budget Book. These will give the public a better understanding of how budget requests for this given fiscal year were put together, the criteria by which they were considered, what outcomes can be anticipated through the spending of those dollars over the course of the fiscal year, how performance in any given year compares to recent activity within that department, and ultimately how those goals tie back to the other planning documents. This enhancement to the Budget Book is an added transparency measure for Milton's residents and stakeholders. These goals and strategies can be found in the General Fund Expenditures by Department section of this document.

To track the City's progress on each strategic plan action item please visit www.cleargov.com/georgia/fulton/city/milton/dashboards

TRANSPARENCY CENTER

Strategic Priority #1 - Ensure Milton's Sustainability and Resiliency

GOAL #1: Ensure Milton's long-term financial sustainability

Objective #1 Further diversify the City's revenue sources to reduce reliance on property tax revenues and diminish the effects of economic fluctuations						
Objective #2 Enhance the commercial tax base with businesses that fit into a cohesive, community-driven vision for Milton					~	
Objective #3 Establish a financial metrics comparison relative to similar municipalities						
GOAL #2: Ensure Milton's readiness and preparedne to disasters as well as unusual or critical e		respon	d			
Objective #1 Develop cross-disciplinary systems that can respond to unanticipated emergencies, including specialized training and the leveraging of suitable technology						
Objective #2 Identify and plan for natural and manmade disaster mitigation opportunities and recovery needs						
Objective #3 Develop, with Milton's partner cities, a seamless integrated plan (including training) to respond to hostile events						
GOAL #3: Protect and preserve Milton's environment through sound land use, environmental stewardship, green infrastructure, and sustainable practices						
Objective #1 Identify opportunities to improve the management of solid waste collection that aligns with sustainable best practices						
Objective #2 Prioritize and fund environmental initiatives that will make Milton a better place today and tomorrow			~		~	

Strategic Priority #1 - Ensure Milton's Sustainability and Resiliency

GOAL #4: Maintain a secure community in which people can live, work, and play safely

Objective #1 Deliver effective, efficient emergency and nonemergency services to minimize fatalities, severe injuries, and loss		-				
Objective #2 Identify and prioritize notable risk-threat hazards in Milton, develop a strategy to reduce their potential harm, implement this strategy, then evaluate its impact		*				
Objective #3 Establish a sustainable Safety Crisis Intervention Team (SCIT) within the Police Department to collaboratively, efficiently, and effectively respond to crises		~				
Objective #4 - Rebrand the Milton Fire Department's Community Paramedicine program - expanding its scope, mission, and service to citizens		~				
Objective #5 Create a joint fire-police task force (in partnership with outside providers) to respond to critical events, address non-emergency social services, and take a holistic look at community needs		~				
GOAL #5: Implement a transportation infrastructure that meets current needs, accounts for						

GOAL #5: Implement a transportation infrastructure that meets current needs, accounts for future growth, and allows residents to traverse Milton in a calm, safe, efficient manner

Objective #1

Alleviate traffic congestion to reduce travel time and traffic speed throughout Milton

Objective #2

Improve conditions for walking and cycling throughout the city

Strategic Priority #1 - Ensure Milton's Sustainability and Resiliency

GOAL #6: Cultivate a diverse, engaged, and healthy workforce dedicated to service and excellence

Objective #1 Provide continuous development of all Milton staff so that skills and competencies are strengthened, work quality increases, and the City becomes a learning organization	~	~	~	~	~	~
Objective #2 Create an inclusive work environment where a diverse group of employees and contracted service members form a team that are considered full partners in the delivery of high-quality programs and services	~	~	~	~	~	~
Objective #3 Strengthen the on-boarding and leadership competencies of those serving on City boards and commissions, as well as in volunteer leadership roles	•				~	~
Objective #4 Attract and retain a first-rate workforce that is more closely reflective of the community's diversity and prepared to lead into the future	~	~	~	~	~	~
Objective #5 Enhance the wellness program to support City of Milton employees' physical and emotional fitness and well-being	•					
GOAL #7: Enhance the effectiveness of the City's information efficient operations and customer-oriented servi				romo	te	
Objective #1 Increase the reliability of technology support to the organization through technology service reporting, domain migration, and the enhancement of a disaster recovery plan	•					
Objective #2 Establish a plan to create an intranet for City employees by December 31, 2021	~					
Objective #3 Enhance the system for inventory management and "lifecycle" replacement of the City's hardware by December 31, 2021	~					
Objective #4 Increase transparency through digital accessibility to City records, resources, and services	~					

Strategic Priority #2 - Continue Smart Land Planning to Keep Milton Unique

GOAL #1: Establish Milton as a location of choice for equestrian hobbyists and preserve the farm lifestyle that contributes to the City's unique sense of character and place

· · ·		- 1		
Objective #1 Explore the establishment of equestrian character area zones around Milton				
Objective #2 Identify and encourage equestrian lifestyle, heritage, and visitor experiences				
Objective #3 Establish a national marketing campaign to promote Milton's equestrian lifestyle				
Objective #4 Establish Birmingham Park as an equestrian destination				
Objective #5 Offer incentives and increase/reduce regulations that make it easy to build and maintain a farm				
Objective #6 Attract complimentary goods and services for equestrian/ agricultural operations to Milton				
GOAL #2: Enhance the city's commercial nodes and while maintaining the rural charm that makes M				
Objective #1 Stop sprawl from eroding Milton's distinctive rural look and feel				
Objective #2 Interweave the City's architectural standards with its land use plan to preserve Milton's unique character				
Objective #3 Integrate equestrian branding into the City's commercial nodes through signage, names, gateways, and architectural elements to emphasize Milton's sense of place and identity				~

Strategic Priority #3 - Acquire, Manage, and Develop Public Land and Resources to Support Milton's High Quality of Life

GOAL #1: Develop and maintain active park spaces and facilities where all Milton residents can enjoy recreational opportunities

Objective #1 Better leverage current parks and partnerships to increase recreational opportunities			~	
Objective #2 Address needs of low-income families by offering a financial aid program for recreation programs			~	
Objective #3 Analyze needs, acquire land, and develop programming in underserved parts of Milton per the 2027 Comprehensive Parks and Recreation Master Plan			~	
Objective #4 Identify and offer opportunities for new recreation programs that meet citizens' needs and expectations	~		~	
GOAL #2: Enhance existing passive parks to promote Milton's natural beauty for the enjoyment of all		erve		
Objective #1 Create plan to enhance Birmingham Park for equestrian use by December 31, 2021		•		
Objective #2 Phase in the Providence Park Master Plan to improve Providence Park as identified in the City's Capital Improvement Plan		~		
Objective #3 Add aesthetically pleasing, informative, educational signage at City-owned natural areas and habitats		•		

Strategic Priority #3 - Acquire, Manage, and Develop Public Land and Resources to Support Milton's High Quality of Life

GOAL #3: Improve mobility networks to create a more connected Milton

Objective #1 Connect neighborhoods, character areas, retail nodes, and open spaces in accordance with the Milton Community Trail Prioritization Plan				
Objective #2 Create interactive maps, trail heads, standard signage and markers, and public education campaigns that show how to access Milton's trail and bike system	~			
Objective #3 Create a standing Trails Advisory Committee to help prioritize and guide the build-out of Milton's trail system				
Objective #4 Implement plan for multi-use (i.e. walking, biking) connections to the Big Creek Greenway				
Objective #5 Establish an "Adopt-a-Trail Program" to assist with the City's trail system maintenance				
Objective #6 Identify roads with high frequency of bicyclists and create routes that allow safe bicycle travel throughout Milton				

Strategic Priority #3 - Acquire, Manage, and Develop Public Land and Resources to Support Milton's High Quality of Life

GOAL #4: Facilitate and promote the use of public spaces for arts, culture, and events that make people feel welcome and connected with our community

Objective #1 Explore adding an outdoor performing arts space/venue				
Objective #2 Explore the addition of more public art to parks and community spaces		-	~	~
Objective #3 Distribute community spaces so there is more equitable access throughout Milton		~	~	~
Objective #4 Create technologically interactive spaces				
Objective #5 Explore the creation of an "Adopt-a-Roundabout" program for citizens to further beautify roundabouts around the city		~		

GOAL #5: Protect and enhance Milton's greenspaces to maintain the natural beauty of the city for present and future generations

Objective # 1 Identify and establish the appropriate use of each existing City-owned greenspace				~	
Objective #2 Create signage and educational components for trees and habitats					
Objective #3 Explore opportunities for the City to acquire more greenspace					
Objective #4 Create interactive maps, trail heads, standard signage and markers, and public education showing how to access Milton's trail and bike system	~		~	~

Hours of Operation 8:30 a.m. to 5:00 p.m.

The City of Milton is a suburban city located in the northern most portion of Fulton County, Georgia, just 31 miles from downtown Atlanta. Following a July 2006 referendum where 85 percent of Milton voters overwhelmingly approved cityhood, the City officially incorporated on Dec. 1, 2006. The City has been recognized nationally for its high quality of life, most recently being identified as the "Best Suburb to Live in Georgia" by financial news and opinion website 24/7 Wall St. Milton has also consistently ranked among the top five safest cities in Georgia.

Welcome to the City of MILTON

FY 2022 Staffing Summary By Department continued

Notes:

- This list does not include board/committee members who may be eligible for meeting attendance stipends, volunteers or unpaid interns.
- The FY 2022 final position count incorporates changes that were made through the formal budget amendment process in June and September 2022 including position additions, deletions, and mergers.

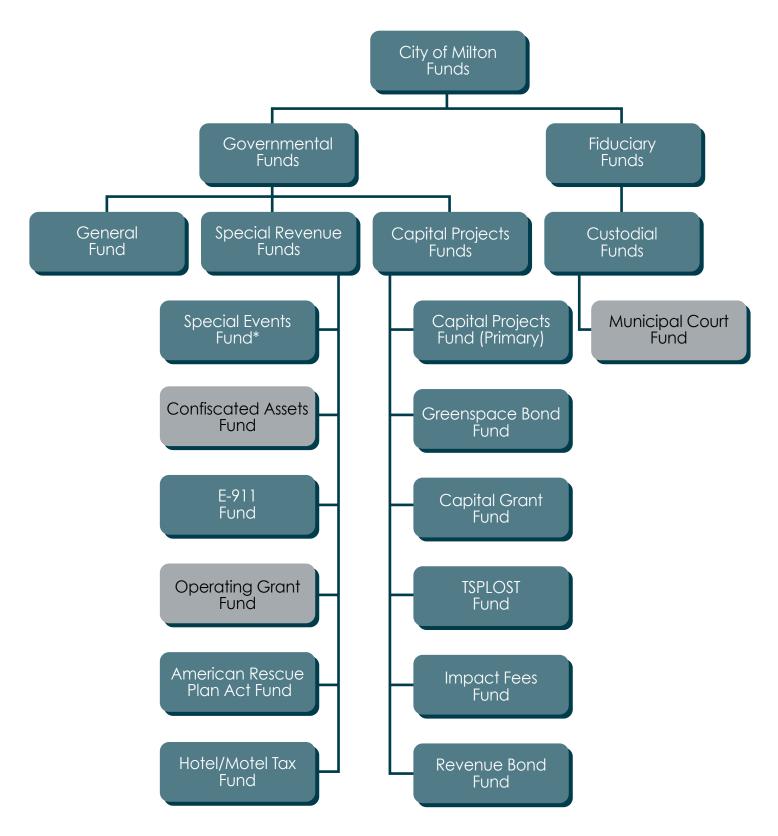

FY22 to FY23 Variances Explained:

- Information Services has requested a full-time Director to oversee the operations of the department. Communications has requested a full-time Communications Coordinator who will help with external and internal communication including social media, Milton's employee intranet, strategic plan projects, and other communications assignments.
- Police has requested one full-time Records Clerk and three part-time Public Safety Ambassadors (PSAs). The positions have been approved, but only one part-time Public Safety Ambassador position has been funded at this time. Determination on the funding for the remaining positions will be made after the completion of LOST negotiations and additional assessment of the passive park PSA program needs.
- Fire has requested an additional full-time Deputy Chief and a full-time Fire/EMS Training Officer to provide support for the City's EMS and emergency management operations.
- *Parks & Recreation (Active) have been approved to run a pilot program for part-time staffing related to providing coverage at recreational programming events and facilities. A dedicated amount of money has been set aside to be utilized on an as needed basis. Once the average number of hours has been determined it will be converted into a part-time equivalent in the chart above. At this time, the staffing request for MCPP has been approved without funding and will be reassessed later in the year. Additionally, the department has requested seasonal staff to provide summer day camp services and one fulltime Outdoor Recreation Manager who will oversee activities, programming, and events at the City's Passive Park sites.
- Community Development has requested one full-time Site Development Inspector and one full-time Zoning Technician to provide needed support in those areas necessary to meet current workload requirements.

Please see the FY23 Maintenance and Operating Initiatives for a detailed listing of requested positions and reclassifications.

FINANCIAL POLICIES AND PROCEDURES

Fund Structure

* This fund is budgeted as Special Revenue Funds for ease of tracking. It is ultimately rolled into the General Fund for the purposes of financial reporting in the Annual Comprehensive Financial Report (ACFR).

These funds have no appropriations in the FY 2023 Budget.

Department-Fund Relationship

The following shows which departments are represented within each budgeted fund for Fiscal Year 2023. (Capital funds include project-length budgets that may not have additional funding requests in FY 2023.)

General Fund

Mayor & Council City Clerk **City Manager** General Administration Finance Legal Information Services Human Resources **Risk Management** General Government Buildings Communications **Municipal Court** Police Fire **Public Works** Parks & Recreation (Active) Passive Parks/Greenspace Community Development

Special Events Fund

Parks & Recreation (Active)

E-911 Fund

Police

American Rescue Plan Act Fund

Allocation of funds to be determined upon final guidance from the Department of Treasury and an approved spending plan from Mayor & Council.

Hotel/Motel Tax Fund*

Parks & Recreation (Active)

Capital Projects Fund (Primary)

Finance Information Services General Government Buildings Police Fire Public Works Parks & Recreation (Active) Passive Parks/Greenspace Community Development

Greenspace Bond Fund

Passive Parks/Greenspace Debt Service

Public Works Parks & Recreation (Active)

Impact Fees Fund

Fire Public Works Parks & Recreation (Active) Community Development

Revenue Bond Fund

Fire

Debt Service

*100% of hotel/motel taxes collected will be transferred to the Special Events Fund to promote tourism and community engagement.

Financial Policies and Procedures

The City has developed financial policies and procedures to ensure that financial resources are managed in a prudent manner. In addition, Milton's budgeting and accounting practices conform to Generally Accepted Accounting Principles (GAAP) as announced by the Government Accounting Standards Board (GASB) and the Georgia Uniform Chart of Accounts.

Budgetary Policies

BALANCED BUDGET

The budget is balanced for each budgeted fund. Total anticipated revenues plus the portion of the fund balance in excess of required reserves that is designated as a budgeted funding source must equal the total estimated expenditures for each fund. The City is prohibited from balancing current expenditures through the obligation of a future year's resources.

BASIS OF BUDGETING

All governmental funds use the modified accrual basis of accounting for budgeting purposes as well as financial reporting purposes in the audited financial statement.

LEVEL OF BUDGET ADOPTION AND CONTROL

All budgets are adopted at the legal level of budgetary control, which is the department level within each individual fund.

BUDGET CONTROL REPORTS

The City maintains a system of budgetary control reports to ensure adherence to the budget. Departments also have access to financial reports which, compare actual revenues and outstanding encumbrances and expenditures with budgeted amounts.

BUDGET AMENDMENT PROCESS

The budget is a dynamic, rather than static, plan that requires adjustments and formal budget amendments as circumstances change. The mayor and city council must approve all increases in total departmental appropriations. Department heads may submit budget amendment requests transferring appropriations from one line item to another within the specific department appropriation and fund, and obtain approval from the City Manager. Adjustments from appropriations that have been obligated, committed, or reserved for a designated purpose cannot be transferred until a formal de-obligation occurs.

APPROPRIATION LAPSES AT YEAR-END

All operating budget appropriations, including encumbered appropriations, lapse at the end of the fiscal year. Purchases encumbered in the current fiscal year, but not received until the following year, must be charged against a department's subsequent year appropriation.

UTILIZATION OF PRIOR YEAR'S FUND BALANCE

If necessary, the City may use the fund balance in excess of the required reserves as a funding source for that fund's budget in any given year. The utilization of fund balance is considered a use of one-time revenues for budgeting purposes.

Fund Balance Policy

This policy ensures that the City maintains adequate fund balances and reserves in order to:

- 1. Provide sufficient cash flow for daily financial needs;
- 2. Secure and maintain investment-grade bond ratings;
- 3. Offset significant economic downturns or revenue shortfalls; and
- 4. Provide funds for unforeseen expenditures related to emergencies.

FUND BALANCE CATEGORIES

- 1. NONSPENDABLE: Includes amounts that cannot be spent because they are either a.) Not in spendable form or b.) Legally or contractually required to be maintained intact. Nonspendable amounts are determined before all other classifications and consist of the following steps (as applicable in any given fiscal year):
 - a. The City will maintain a fund balance equal to the balance of any long-term outstanding balances due from others (including other funds of the City).
 - b. The City will maintain a fund balance equal to the value of inventory balances and prepaid items (to the extent that such balances are not offset with liabilities and actually result in fund balance).
 - c. The City will maintain a fund balance equal to the corpus (principal) of any permanent funds that are legally or contractually required to be maintained intact.
 - d. The City will maintain a fund balance equal to the balance of any land or other non-financial assets held for sale.
- 2. RESTRICTED: Includes amounts that can be spent only for the specific purposes stipulated by the Georgia Constitution, external resource providers or through enabling legislation.
- 3. COMMITTED: Includes amounts that can be used only for specific purposes determined by a formal action of the City Council. Commitments are only used for specific purposes pursuant to a formal action of the city council. A majority vote is required to approve or remove a commitment.
- 4. ASSIGNED: Includes amounts intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed.
- 5. UNASSIGNED: Includes the residual classification for the City's general fund and includes all spendable amounts not contained in the other classifications.

RESERVE FOR WORKING CAPITAL

The reserves required to cover the cost of expenditures caused by unforeseen emergencies, to cover shortfalls due to revenue declines, and to eliminate any short-term borrowing for cash-flow purposes. This reserve accumulates and is then maintained at an amount which represents no less than 25% of the subsequent year's budgeted revenues.

Revenue Administration Policy

The City strives to maintain a diversified and stable revenue structure to shelter it from short-term fluctuations in any primary revenue source. When possible, the revenue mix combines elastic and inelastic revenue sources to minimize the effect of economic downturns. The City works towards diversifying its revenue base in order to reduce its dependence on property taxes. As part of the annual budget process, an objective analytical process estimates revenues realistically and prudently. The City estimates revenues of a volatile nature conservatively.

Debt Management Policy

A sound fiscal position is maintained by only utilizing long-term tax-exempt debt to provide resources to finance needed capital improvements, while accumulating adequate resources to repay the debt. In addition, a strong financial administration serves to maintain and improve the City's credit rating. Both short-term and long-term debt are permissible when within the guidelines outlined in the City code of ordinances.

Cash And Investment Policy

The primary objectives of the City's investment activities are: safety, liquidity, and yield.

SAFETY

Safety of principal is the foremost objective of the investment program. Investments are undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective is to mitigate credit risk and interest rate risk.

LIQUIDITY

The investment portfolio must remain sufficiently liquid to meet all those operating requirements that may be reasonably anticipated.

YIELD

The investment portfolio is designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to safety and liquidity.

Capital Asset Policy

Capital asset means any real or personal property acquired by the City which has an estimated useful life of three or more years with an acquisition value of \$10,000 or more.

The term capital asset includes: land, improvements to land, easements, buildings, improvements to buildings, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible and intangible assets that are used in the operations of the government.

The City records depreciation using the straight-line method over the following useful lives:

Buildings	20–40 years
Vehicles, Equipment and Other	5–12 years
Infrastructure	15–60 years
Land Improvements	10-40 years

BUDGET PROCESS

Milton's budget process is an ongoing endeavor. The Fiscal Year 2023 process commenced in March 2022 with a Council retreat focused on the overall budget process, priorities, and long-range planning. After receiving initial guidance and feedback from Council, staff commenced discussions around goal setting and long-range planning based on the priorities set out in Milton's planning documents. At the department level each department head is responsible for providing requests related to both a current services budget as well as an enhanced services budget while Finance staff, along with City Management, calculates expenses associated with salaries and benefits, and projects revenues for the upcoming year.

THE PROCESS

The process begins with analyzing historical data, recognizing trends, and making allowances for certain unforeseen possibilities. The current services budget determines the costs associated with continuing the same service levels for the upcoming year as are currently being provided for maintenance & operating as well as capital projects. In addition, each department head is responsible for detailing the costs associated with any new or improved services. These enhanced services requests are outlined in the initiatives sections of the budget book.

Throughout June, each department head met with the City Manager, Deputy City Manager, and the Assistant City Manager to explore, in detail, the department requests. At the end of June into early July, the City Manager, Deputy City Manager, and the Assistant City Manager reviewed all budget requests one more time in order to get a high-level perspective of the City-wide budget. As the City has a defined revenue footprint, careful consideration must be given to the priorities identified by the departments. With guidance from the City's Strategic Plan, department goals, and other planning process documents (see p. 22), the City Manager made the final determination of what would be proposed to Mayor and Council in the final budget document.

The end product is based on revenue anticipations and line-item expenditures within each department, and is developed according to financial best practices and Generally Accepted Accounting Principles (GAAP). All appropriations lapse at year-end with the exception of the capital projects funds, which adopt project-length budgets.

The budget calendar found on p. 48 details the dates when the budget was presented to Mayor and Council as well as the required public hearings. Public hearings are a time for the community to give their input and be heard by Mayor and Council, and staff to ensure a collaborative and transparent process.

Once the final approval has been granted by Mayor and Council and the budget has been adopted, staff continues to review and monitor the budget with each purchase. Department heads have access to budget control reports that provide timely comparisons of actual revenues, encumbrances, and expenditures to the approved budgeted amounts. The budget is a dynamic, rather than static plan which does require adjustments/amendments from time-to-time. By ordinance, requests to transfer appropriations from one line item to another within the same department and same fund must receive approval from the City Manager while increases in total departmental appropriations (i.e. transfers from another department or fund) require approval from Mayor and Council.

Note: The FY 2022 Amended Budget reflects project-length budget balances. Unspent capital project appropriations and corresponding revenue anticipations as of 9/30/2022 will carry forward to the subsequent year's budget through budgeted fund balance.

Major funds: Any fund whose revenues or expenditures, excluding other financing sources and uses, constitute more than 10% of the revenues or expenditures of the appropriated budget should be considered major funds.

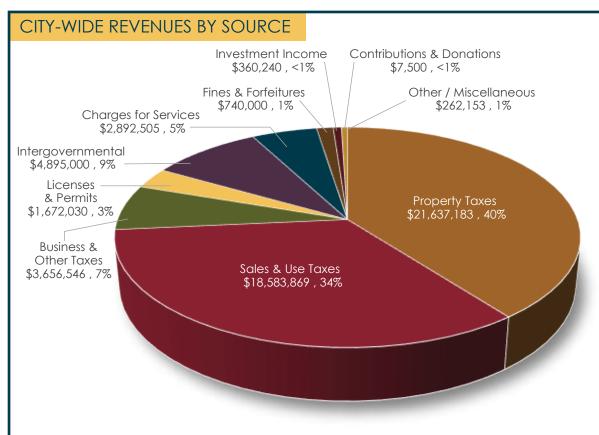

In FY 2023, the budgeted General Fund, Capital Projects Fund, and TSPLOST Fund qualify as a major funds; the American Rescue Plan Act Fund, Greenspace Bond Fund, and the Revenue Bond Fund are represented based on qualifications in recent years or community interest.

Significant Changes in Fund Balance (+/- 10%)

General Fund

The City of Milton's Code of Ordinances calls for conservative budgeting of volatile revenues. That budgeting philosophy combined with staff's prudent efforts regarding fiscal responsibility always yield a fund balance higher than budgeted. With this in mind a purposeful amount of fund balance has been budgeted in both FY 2022 and FY 2023 putting the City in a good place to move towards FY 2024 with adequate reserves to meet the required minimum balance. The decrease in fund balance seen can be attributed to the transfer of funds, in excess of required reserves, that have been transferred to the City's pay-as-you-go program in the Capital Projects Fund.

Special Events Fund

The fund balance is due to decrease by 67%. During the pandemic certain events were minimized, postponed, or cancelled altogether yielding a revenues that were higher than expenditures in those years. Those additional revenues became part of that year's fund balance and are now being utilized to fund programed events in FY 2023 resulting in the decrease.

ARPA Fund

The City received \$7,391,612 in FY 2021 which was deemed unearned revenue based on the timining of the ARPA agreement and was therefore recognized as revenue in FY 2022 resulting in the sunstantial % change between the two years.

Capital Projects Fund

In FY 2022 the City released the remaining \$62,341 in contingency to fund balance to be budgeted in FY 2023 as part of the required contingency in the Capital Projects Fund causing the decrease noted above.

Revenue Bond Fund

Rounding in FY 2022 yielded a fund balance in the amount of \$1.09. This will be used to fund the debt service due in FY 2023 causing the decrease to fund balance in the amount of \$1.09 or 100%.

General Fund FY 2023

General Fund Major Revenue Sources

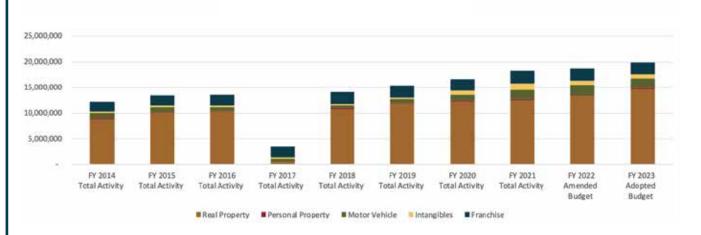

Taxes make up 91% or \$34,509,084 of budgeted revenues in Fiscal Year 2023 (all revenue figures detailed exclude budgeted fund balance). Historically, taxes have always been the City's most significant revenue source. According to the Georgia Uniform Chart of Accounts, taxes include: general property taxes, general sales & use taxes, selective sales & use taxes, local option income taxes, business taxes, and other taxes (penalties & interest).

Property Taxes

The City of Milton's main source of revenue is property taxes. Property taxes are made up of real and personal property taxes, motor vehicle taxes, taxes on intangibles, and franchise taxes. In FY 2023 property taxes represent 52% or \$19,826,670 of total revenues. This category is anticipated to increase by \$1,184,921 or 6.4% from FY 2022's amended budget. This increase is primarily being driven by the projected increase of \$1,414,456 to real property tax for the current year related to property values in Milton (this increase is being offset by the reduced millage rate approved by Council for FY 2023 of 4.469 mills, down from 4.731 mills in FY 2022).

In FY 2023, 75% or \$14,898,655 of the property tax category is made up of real and personal taxes, and 11% or \$2,272,442 is derived from franchise taxes on electric, gas, cable, telephone, and cell/fiber/telecommunications. Franchise taxes are charges to utility companies for the privilege of operating within municipal boundaries, and are routine/common practice for municipalities across the state and country.

The City utilizes preliminary digest figures prepared by the Fulton County Board of Assessors to project real, personal, and motor vehicle ad valorem property tax related revenues. When forecasting revenues for the remaining property tax categories staff review historical trends and take current economic circumstances into consideration including home sale, financing, and re-financing trends for intangible and real estate transfer tax and vehicle sales trends for alternative ad valorem taxes. Franchise fees are monitored and reviewed for potential changes based on projected use and rate trends. For example, increases throughout the pandemic had to be omitted from forecasts as work from home schedules are not anticipated to continue throughout FY 2023.

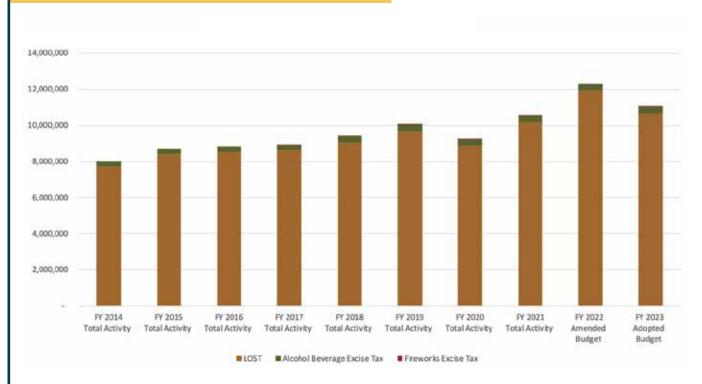

Property Taxes – 10-Year History

Note: The drop in FY 2017 activity is attributable to the delayed billing of property taxes in that year. A spike is not seen in FY 2018 as a result of the decision to change the fiscal year in which the City would account for property tax revenues, thus avoiding issues with delayed billing cycles going forward. Ultimately this decision resulted in one year (FY 2017) without any collections for current year real and personal property taxes.

Sales & Use Taxes

The City's second largest revenue grouping is sales & use taxes. Sales & use taxes are broken into two categories: general and selective. Milton's general sales & use tax revenues come from its distribution of the local option sales tax (LOST) that is currently under negotiated between Fulton County and the municipalities therein in 2022. Milton's share under the current plan (which was negotiated in 2013) is 3.3% of total collections. FY 2023's budget forecasts \$10.7 million in LOST revenues, an decrease of \$1,253,601 from the FY 2022 amended budget. Staff review historical trends and revenue collections when forecasting general sales tax revenues and is also contemplating the current negotiation conversations as well. Consideration is also given to large scale one-time events, such as the super bowl in 2019, as well as the notable inflation that is currently being experienced when determining future anticipations.

Milton's General Fund selective sales & use taxes are comprised of excise taxes on alcohol beverages and sales of fireworks. An excise tax is a tax levied on the manufacture, sale, or consumption of a commodity. Review of the number of current alcohol license holders, economic conditions impacting these types of establishments/businesses, and historic collection trends are utilized to forecast selective sales & use taxes.

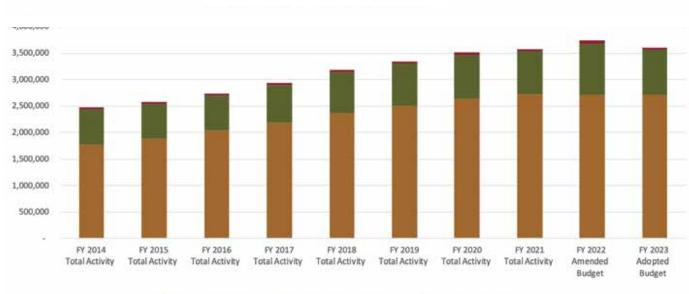

Sales & Use Taxes – 10-Year History

Business Taxes

Milton's third largest revenue source is business taxes. Business taxes include: business and occupation taxes, insurance premium taxes, and financial institutions taxes. This category accounts for \$3,609,646, or 9% of budgeted revenues in FY 2023 a decrease of \$121,354 from FY 2022's amended budget. Within this category insurance premium taxes make up 75% or \$2,703,000 of the \$3,609,646 projection. This revenue is derived from a tax on the premiums paid for insurance policies and is tracked by historical collection trends.

Business and occupation taxes are assessed to those individuals or businesses conducting their operations within city limits. The FY 2023 budget for these tax collections is \$856,646, down \$124,354 from FY 2022's amended budget based on projections. The city bases collection forecasts on the number of businesses registered within each fee type (home-based, gross receipts, per employee, and professional practitioner) as well as economic conditions that may impact certain gross receipts-based industries. Consideration is also given for revenue from delinquent registrations that will not recur in the next year.

Lastly, the financial institutions tax, a gross receipts tax levied on banks, credit unions, savings and loans institutions, and other financial institutions doing business in the City of Milton, is expected to bring in \$50,000, which is the same as last fiscal year. Staff keep an eye on any changes in the number of institutions located within city limits and historical collection trends to forecast this revenue category.

Notable Variances Explained

• The increase in Salaries & Wages is a result of a full year's recognition of the removal of one part-time position offset by the proposed salary increase of 10%.

• The variance in Employee Benefits is the result of the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 which are slightly offset by the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

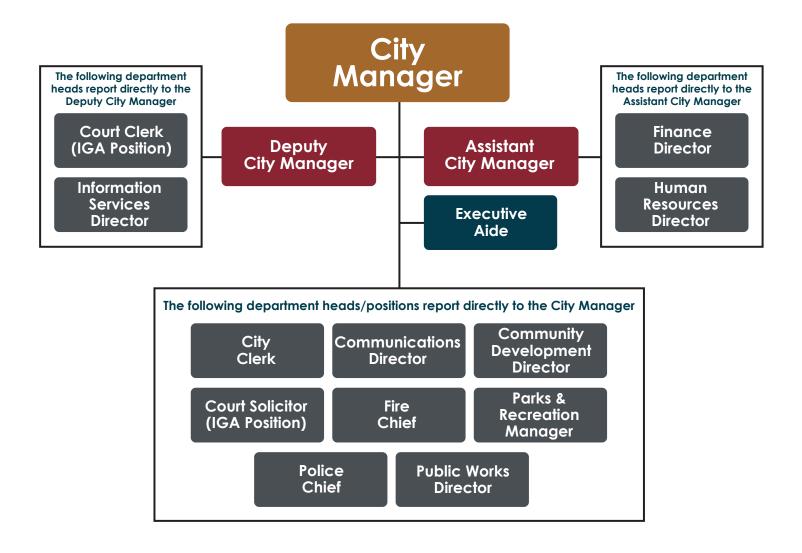

• The decrease in Professional Fees is a result of the budget requirements for funding elections according to the City's IGA with Fulton County as well as the completion of the document archiving project in FY 2022.

CITY MANAGER

The department serves as the City's administrative manager based on Milton's council-manager form of municipal government, directing a variety of administrative processes that allow a city government to operate efficiently and effectively. The department includes a City Manager, appointed by the Mayor, an Assistant City Manager and an executive aide.

Notable Variances Explained

• The variances in Salaries & Wages and Employee Benefits are a result of the requested market adjustment to salaries and the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 which are slightly offset by the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

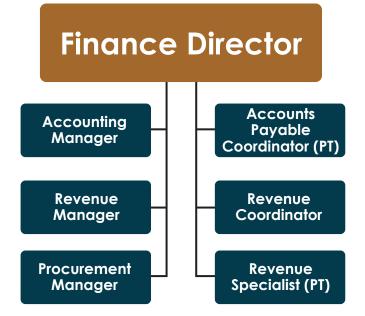

• The decrease in Professional Fees is a result of the completion of the National Citizen's Survey in FY 2022.

FINANCE

The Finance Department plays a critical role in the City's financial health, stability and execution of each department's strategic goals. In addition to being responsible for administering Milton's occupational tax, managing alcohol licenses, billing annual property taxes, and directing the City's procurement process, the department serves as the cash manager for the City. Finance also prepares the annual budget and Annual Comprehensive Financial Report (ACFR) ensuring adherence to all federal, state, and, local laws.

*For ease of tracking, the City of Milton budgets for certain Special Revenue Funds separately. Ultimately these funds are rolled into the General Fund for the purposes of financial reporting in the Annual Comprehensive Financial Report (ACFR) and figures may vary slightly. These metrics report audited actuals from the ACFR.

Notable Variances Explained

• The increase in Salaries & Wages represents a fully staffed department for FY 2023 with the reorganization approved by Council in June 2022 to reclassify the Financial Services Administrator to a Finance Director and the addition of a part-time Accounts Payable Coordinator.

• The variance in Employee Benefits is the result of the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 as well as the impact of the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

Information Services (IS)

The department serves as the foundation for all City services and programs by supporting City departments and staff with applications management, network and telecommunications services, and identifying and procuring IS and GIS solutions necessary for operating an efficient and effective City government. From desktop computers at City Hall to mobile public safety computers, Milton IS helps ensure the day-to-day operations of City services.

Notable Variances Explained

• The decrease in Professional Fees is related to the completion of the implementation of the Office 365 migration as well as the transition of the Laserfiche platform to a subscriber model that was completed in FY 2022.

• The Maintenance Contracts category increase is the result of the transition of the Laserfiche platform to a subscriber model, annual increases in the managed services line item, and annual costs associated with the City's VMWare licensing.

Human Resources

The importance of people to an organization Milton's size cannot be underestimated. As such, Human Resources is dedicated to providing services that promote a work environment that can be characterized by fair treatment of staff, open communications, and boasts an inspired, talented and effective workforce who are the face of the City.

TOTAL HUMAN RESOURCES	\$ 293,019	\$ 355,304	\$	416,739	\$ 427,822	\$ 11,083	2.7

Notable Variances Explained

• The variances in Salaries & Wages and Employee Benefits are a result of the requested market adjustment to salaries and the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 which are slightly offset by the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

• The increase in administrative fees has been budgeted in FY 2023 as the City reviews its current Human Resources Information System (HRIS) platform.

91

• The decrease in Professional Fees is related to the recruitments conducted in FY 2022 that are not anticipated to recur in FY 2023.

General Government Buildings

Under the supervision of the Public Works Director, the Facilities Manager oversees the maintenance and care of the City's facilities that do not fall under other department's jurisdictions including: City Hall and Community Place, Bethwell Community Center, Broadwell Pavilion, and the Public Works maintenance building. Additionally, large scale facility construction projects (ex. City Hall/Public Safety Complex) are expensed to this department.

TOTAL CAPITAL OUTLAYS	\$ 8,114	\$ 58,552	\$	24,100	\$ 49,500	\$ 25,400	105.4
TOTAL GENERAL GOVERNMENT BUILDINGS	\$ 226,920	\$ 283,765	\$	265,370	\$ 396,226	\$ 130,856	49.3

Notable Variances Explained

• The variance in the Facility Repair & Maintenance and Machinery & Equipment categories are related to costs associated with accessibility improvements and routine maintenance including painting, pressure washing, and building repairs at City Hall.

COMMUNICATIONS

The department is responsible for ensuring citizens are educated and proactively informed regarding all aspects of city business through a variety of channels including traditional media, digital platforms such as web and email, social media, and print publications.

Notable Variances Explained

• The decrease in Salaries & Wages is a result of a full year's recognition of the removal of one full-time position (the Economic Engagement Manager position was temporarily located in Communications prior to being moved to Community Development) offset by the proposed salary increases.

• The variance in Employee Benefits is the result of the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 which has been offset by the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

• The increase recognized in Professional Fees is associated with funding for graphic design, website design, and Diversity, Equity, and Inclusion speakers.

MUNICIPAL COURT

Milton's Municipal Court is responsible for hearing all misdemeanor traffic violations, all misdemeanor city ordinance violations, misdemeanor drug and alcohol offenses, and misdemeanor shoplifting violations. The court, dedicated to fair, courteous, and efficient municipal justice, hears more than 4,000 cases annually.

Notable Variances Explained

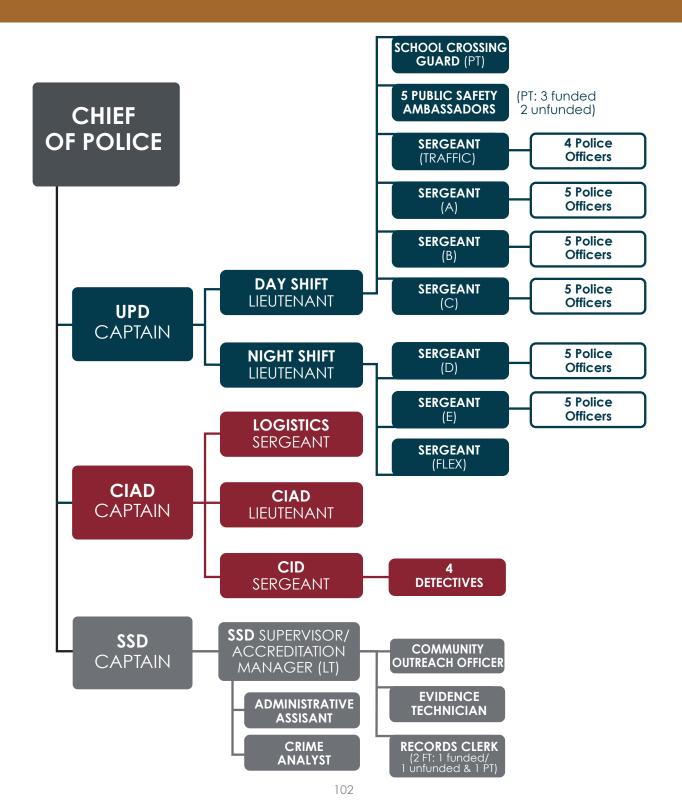

• The variances in Salaries & Wages and Employee Benefits are a result of the removal of one part-time position offset by the requested market adjustment to salaries and the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 which are also impacted by the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

• The increase in Professional Fees is associated with the change to the IGA with the City of Alpharetta for the Court Solicitor position.

• The decrease in Furniture & Fixtures is associated with the purchase of furniture in FY 2022 that will not recur in FY 2023.

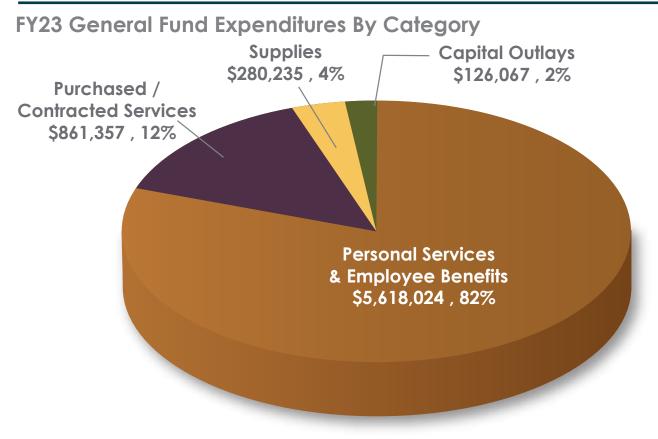

The mission of the Milton Police Department is to provide excellent service to residents and guests of Milton, by serving with integrity, treating all with respect, working together through community relationships to ensure excellent quality of life and safety, and grow to meet the needs of an expanding and thriving community.

Notable Variances Explained

• The increase to Salaries & Wages is the result of the requested market adjustment to salaries.

• The City budgets for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses. The increase seen in Employee Benefits represents the return to the per employee average allocation for FY 2023 versus actual anticipated expenses for FY 2022 as well as the anticipated 5% increase to average health insurance costs.

• The increase in the General Supplies category is related to supply chain delivery delays and the anticipation that certain items ordered in FY 2022 will not arrive until FY 2023.

• The primary driver of the decrease in Gasoline/Diesel is the recognition of costs in FY22 that were higher than antiicapted.

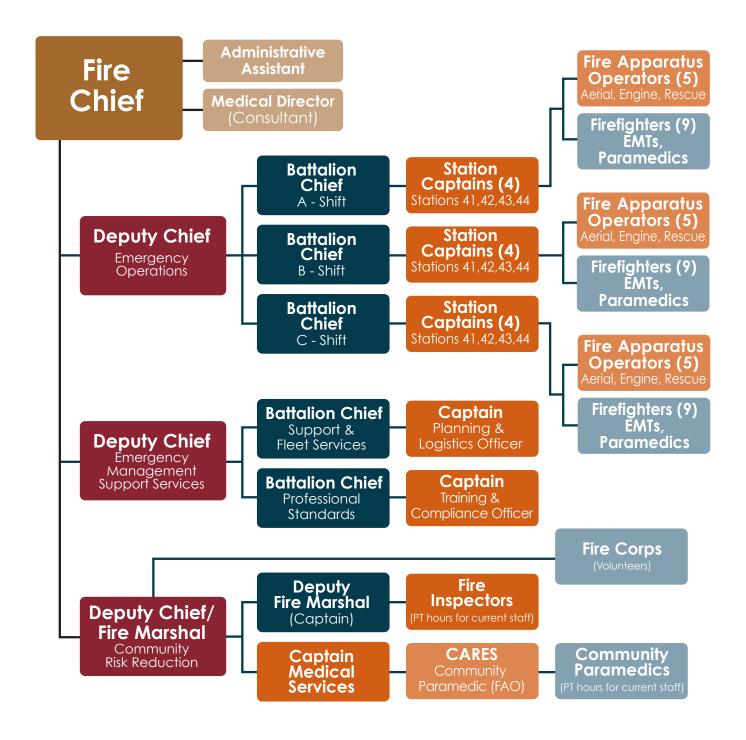

• The decrease in the Furniture & Fixtures category is associated with the purchase of desks for the new positions authorized in FY 2022.

• The decrease in Machinery & Equipment is related to the purchase of an additional stationary license plate reader (LPR) and an asset control system in FY 2022 that will not require funding in FY 2023.

FIRE

Serving the City through four Milton fire stations and one shared station with the City of Alpharetta, Milton Fire is a full-service department featuring suppression, advanced life support EMS and rescue, fire prevention, emergency management, public education and outreach, and specialized rescue units such as the Technical Large Animal Emergency Response (TLAER).

Notable Variances Explained

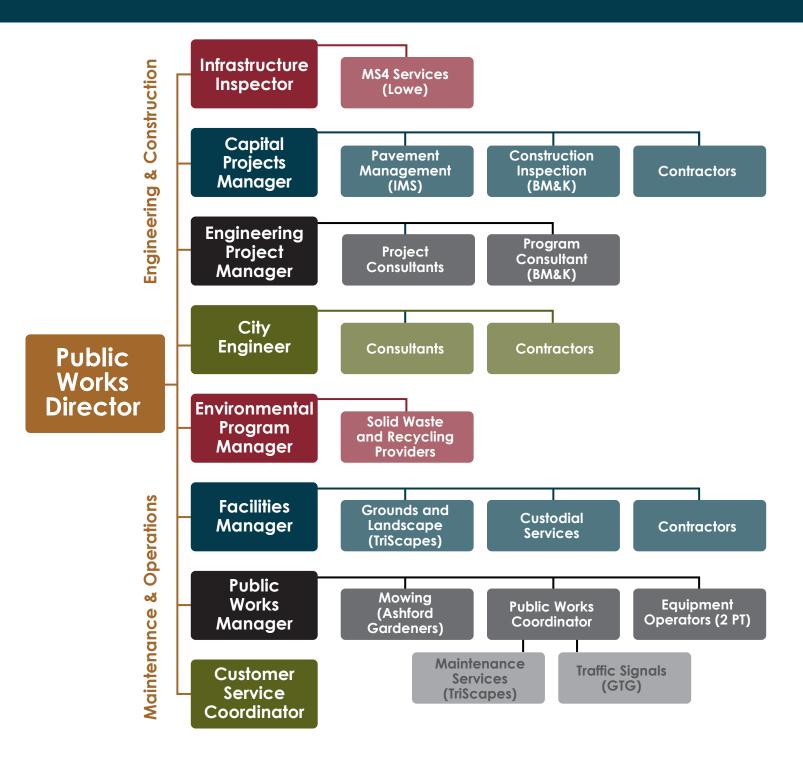

• The variances in Salaries & Wages and Employee Benefits are a result of the requested market adjustment to salaries and the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 as well as the impact of the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at yearend to account for actual expenses).

• The decrease in Facility Repair & Maintenance is related to the costs associated with the mold remediation process at Fire Station 41 that occurred in FY 2022.

PUBLIC WORKS

Maintaining infrastructure can be one of the most challenging tasks for smaller cities like Milton because of the significant financial costs associated with building and maintaining roads and bridges. Balancing our limited financial resources while prioritizing transportation needs and desires requires careful planning, efficient construction, and diligent maintenance by a dedicated public works and strategic third-party contractors.

			s Department

Notable Variances Explained

• The variances in Salaries & Wages and Employee Benefits are a result of the requested market adjustment to salaries and the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 as well as the impact of the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

• The decreases seen in Professional Fees is associated with the completion of the contracted work related to the Local Road Safety Plan in FY 2022.

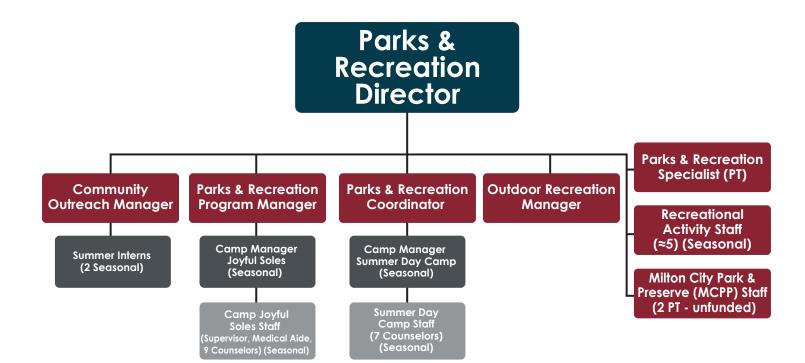

• The decreases seen in Other Purchased Services is a result of bringing the NPDES permit compliance work in-house.

• The request for additional/replacement traffic counters is contributing to the overall increase in the Machinery & Equipment category.

PARKS & RECREATION (ACTIVE)

Milton's award-winning active Parks and Recreation Department is committed to providing quality parks and facilities along with traditional and innovative recreational and athletic programs for its residents. The department is focused on promoting healthy lifestyles and ensuring the best quality of life for our citizens.

• Please see the seven-year Capital Improvement Plan for large-scale improvements planned for active park sites.

Notable Variances Explained

• The variances in Salaries & Wages and Employee Benefits are a result of the requested market adjustment to salaries and the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 as well as the impact of the annual true-up process (the City budgtes for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses).

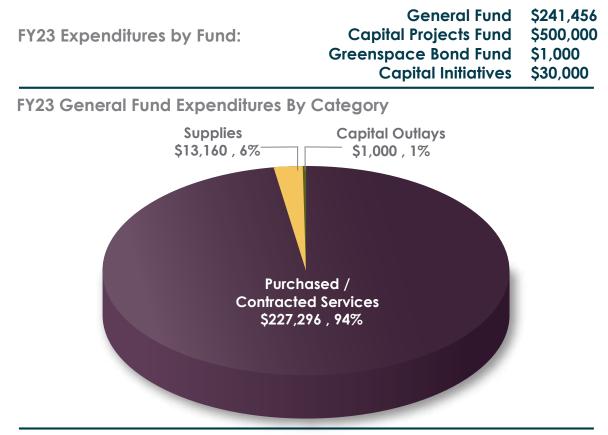

• The decrease in Professional Services is a result of the Bell Memorial Park parking lot rejuvenation project that is anticipated to be completed in FY 2022 and will not require funding in FY 2023.

• The increase in Facility Repair & Maintenance is related to the request for funding of one-time projects including a new tennis shed and siding/painting the pump house at the Milton City Park and Preserve, refurbishments of the score stands at Bell Memorial Park, and putting in an epoxy floor at the Broadwell Pavilion.

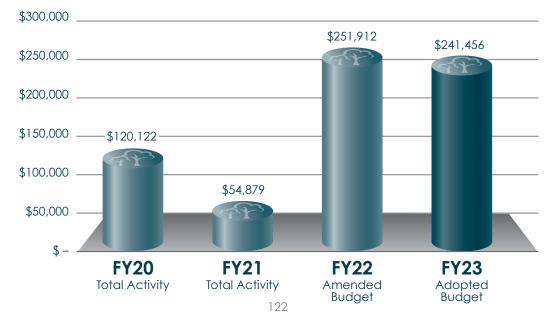

PASSIVE PARKS/GREENSPACE

The Passive Parks/Greenspace Department was established in FY 2020 to separate costs associated with active park facilities from those of passive park facilities. Under the supervision of the Public Works Director, Public Works Staff oversee the maintenance and care of the City's passive parks and greenspaces. These properties include all land acquired through the voter approved Greenspace Bond, Mayfield Farm Park (shared property with City of Alpharetta), and other City owned properties such as Birmingham Par

• Please see the seven-year Capital Improvement Plan for large-scale improvements planned for passive park sites.

Notable Variances Explained

• The overall decrease in the department is related to the decision to put aside funds in the Capital Projects Fund to address site improvements at the City's passive properties.

Community Development

The department is responsible for ensuring Milton is developed according to the City's Comprehensive Plan as well as administering zoning and development regulations. The department executes the citizens' vision for the community through long-range planning efforts and day-to-day administrative processes such as zoning reviews, land disturbance permits and building permits. It is also responsible for the enforcement of its ordinances through code enforcement.

		Community Devel Goals, Strategies, and	opment Department Performance Measures

Notable Variances Explained

• The variances in Salaries & Wages and Employee Benefits are a result the requested market adjustment to salaries, the inclusion of a full year's of funding for the Economic Engagement Manager position, and the 5% increase to anticipated average health insurance costs per employee being recognized in FY 2023 as well as the impact of the annual true-up process (the City budgets for benefits by allocating an average cost per employee which is adjusted across departments at year-end to account for actual expenses). Additionally, vacancies in FY 2022 were paid for utilizing salary savings for contracted services. The FY 2023 budget contemplates a full year of in-house staffing which is also impacting the year-over-year variance in the Salaries & Wages category.

• The decrease in Professional Fees is also related to bringing all positions in-house thereby no longer requiring a budget for contracted services. Contracts to cover potential vacancies will once again be paid for with salary savings should they occur.

Economic Development General Fund Expenditures

	FY 2020 al Activity	FY 2021 al Activity	,	FY 2022 Amended Budget	FY 2023 Adopted Budget	\$ Variance	% Variance

TOTAL ECONOMIC DEVELOPMENT	\$ 154,576	\$ 101,970	\$	12,615	\$ -	\$ (12,615)	(100.0)

Notable Variances Explained

• A recent reorganization of staff has allowed for the elimination of the separately budgeted Economic Development Department. This function will now be included with the activities of the Community Development Department.

OTHER UNSTAFFED DEPARTMENTS

General Administration

Accounts for costs that are not easily tied to any one department. Some examples are office supplies, ink and toner, and postage.

General Administration General Fund Expenditures

TOTAL GENERAL ADMINISTRATION	\$ 35,698	\$	49,029	\$	49,422	\$ 44,088	\$ (5,334)	(10.8)

Notable Variances Explained

• The decrease in General Supplies is related to the impact of inflation on supply costs in FY22.

Legal

Accounts for the costs associated with the City's third-party legal team.

Legal General Fund Expenditures

	FY 2020 al Activity	FY 2021 al Activity	FY 2022 Amended Budget	FY 2023 Adopted Budget	Ĭ	\$ Variance	% Variance
PURCHASED/CONTRACTED SERVICES

TOTAL PURCHASED/CONTRACTED SERVICES	\$ 327,926	\$ 260,927	\$ 420,000	\$ 395,000	\$	(25,000)	(6.0)
TOTAL LEGAL	\$ 327,926	\$ 260,927	\$ 420,000	\$ 395,000	\$	(25,000)	(6.0)

Notable Variances Explained

• The decrease recognized is related to the higher than anticipated costs associated with legal expenses in FY22.

Risk Management

Accounts for the costs associated with providing general liability insurance for the City and its staff.

	FY 2020 al Activity	FY 2021 al Activity	A	FY 2022 Amended Budget	FY 2023 Adopted Budget	\$ Variance	% Variance
PURCHASED/CONTRACTED SERVICES							
Insurance	\$ 252,896	\$ 255,837	\$	315,092	\$ 327,645	\$ 12,553	4.0

TOTAL RISK MANAGEMENT	\$ 252,896	\$ 256,128	\$	316,042	\$ 327,645	\$ 11,603	3.7

Risk Management General Fund Expenditures

Notable Variances Explained

• After accounting for the anticipated annual increase in premiums, as well as added coverage anticipated in FY 2023, the City projects a 3.7% increase overall in Risk Management from FY 2022 to FY 2023.

Other Costs/Financing Uses

Accounts for contingencies and interfund transfers out to other funds.

Other Costs/Financing Uses General Fund Expenditures

	То	FY 2020 tal Activity	To	FY 2021 otal Activity	ļ	FY 2022 Amended Budget	FY 2023 Adopted Budget	\$ Variance	% Variance

TOTAL OTHER FINANCING USES	\$	6,528,899	\$	15,305,059	\$	23,552,535	\$ 8,958,451	\$ (14,594,084)	(62.0)
TOTAL OTHER COSTS/FINANCING USES	\$	6,528,899	\$	15,305,059	\$	23,552,535	\$ 9,259,046	\$ (14,293,489)	(60.7)

Notable Variances Explained

• The decrease in the transfer out to the Capital Projects Fund is being driven by reduced requests for operating funding in FY 2023.

FIVE-YEAR OPERATING Projections FY23-FY27

Milton's Strategic Plan places a high priority on the City government's long-term financial sustainability. In fact, Goal #1 under Strategic Priority #1 states this early and clearly: "Ensure Milton's long-term Financial Sustainability."

One of the outcome measures under this goal is to develop a five-year financial plan. While Milton has always gone beyond legal requirements with its long-term capital improvement plan, the operating forecasts submitted as part of the annual "Budget Book" released publicly historically had been for one year at a time. Internally, meanwhile, staff kept a multi-year operating forecast. FY 2022 was the first year that this five-year plan was fully developed and included as part of Milton's Budget Book. This year, the City once again is including a five-year plan as part of its process.

Together with the seven-year Capital Improvement Plan (CIP), the five-year operating projections will provide Milton's City Council – as well as citizens and other stakeholders – a clear understanding of anticipated revenues and expenditures staff under the current economic conditions and community circumstances.

REVENUE ASSUMPTIONS

City staff analyzed trends based on historic actuals as well as current year projections to forecast operating revenues for four years beyond the FY 2023 proposed revenues outlined in the "Major Revenues - 10-year History" section.

In addition, consideration was given to how commercial and residential development in Milton will impact property taxes, occupational taxes, related permitting, and licensing.

Milton participated in local option sales tax distribution negotiations with Fulton County and the other municipalities within Fulton County. The agreed upon distributions that came out of these conversations are reflected in this updated five-year forecast. A budget amendment will be required to recognize the additional anticipated revenues for FY23 and will be discussed at a publicly held meeting with the Mayor and City Council.

Property tax revenue anticipations have been updated based on the 2022 tax digest figures as well as Council's decision to reduce the maintenance & operating millage rate from 4.731 mills to 4.469 mills for tax year 2022. (Revenues for that tax year are recognized in FY23.) Other revenue categories that have been adjusted, throughout this five-year forecast, to reflect recent collection trends include: title ad valorem tax, intangible tax, real estate transfer tax, court fines & forfeitures, and interest earnings.

FIVE-YEAR OPERATING PROJECTIONS FY23-FY27 continued

EXPENDITURE ASSUMPTIONS

The City of Milton's largest expenditure category is personal services and employee benefits. Salaries & Wages for FY 2023 include the following market adjustments:

- A 20% increase to Police Officer pay (\$684,443);
- A 15% increase to Firefighter, Fire Apparatus Operator, and Captain pay; a 9% increase to Battalion Chief pay; and an 8% increase to Deputy Fire Chief pay (\$685,637);
- A 10% increase to administrative pay (\$345,643); and
- A 3 -11% increase to Department Head pay (\$127,763).

For the purposes of this five-year plan, staff has forecasted a 3% market adjustment to salaries annually for FY24-FY27 based on historic action. Still, the City understands this forecast does not a guarantee such annual increases at this figure.

Additionally, staffing projections include salaries and benefits for three full-time employees (at grade 28) tied to the opening of the new athletic park and related department growth in FY 2024. The staffing of a potential new West Side Fire Station (Station 45), which has been moved to the last quarter of FY 2024, would be for 12 additional firefighters. The associated maintenance, utility, and equipment costs for the opening of these two facilities have also been incorporated into this five-year plan beginning in the last quarter of FY 2024.

Human Resources staff have recommended a 5% increase annually to all benefit categories based on the average increases experienced over the past few years and accounting for potential high-impact claims that may come over the next five years.

Milton continues to explore ways to potentially save on administering elections. For the purposes of this forecast, staff has used the current general election rates approved in the most recent IGA with Fulton County every other year and will change that based on any decisions made by Council in FY 2023.

Staff has been exploring options related to retiree health benefits and early retirement penalty reductions for the City's defined benefit plan. (The defined benefit plan is only available to employees hired prior to July 1, 2014.) To date, no plans or figures have been finalized for these programs, nor has Council had the opportunity to weigh in on the plan designs. So the financial impact related to these programs are not included in the five-year forecast at this time. Staff will include these potential expenses once more conclusive plan designs and costs are available.

Other notable changes from the FY22-FY26 projections include increases to the operating transfer out to the Capital Projects Fund based on updates to the seven-year Capital Improvement Plan and adjustments to the mowing and right-of-way maintenance line items based on the final costs associated with a third-party contract that was out to bid during last year's budget process.

Milton's budget forecast is conservative based on requirements in the City's Code of Ordinances. Historically revenues have exceeded appropriations and expenditures have come in under budget. The City's policies also clearly guide the ability to utilize these funds. And Milton has adhered to a sound fiscal practice of funding its capital pay-as-you-go program with any annual fund balance that exceeds the required reserves in the amount of 25% of the subsequent year's revenues.

Note: The FY 2023 M&O initiatives have been allocated across the applicable departments/categories for forecasting purposes.

Fund balance in excess of required reserves will be utilized to accelerate the timeline of budgeted pay-as-yougo projects in the Capital Projects Fund, to forego the proposed debt financing of the West Side Fire Station, or cover unforeseen circumstances.

*Anticipated LOST revenues for FY23-FY27 have been updated based on the outcome of the negotiations among Fulton County and the participating municipalities. FY23 budget figures for LOST will be updated through the budget amendment process with Council at a publicly held meeting.

Capital Projects Funds

Seven-Year Capital Improvement Plan FY23-FY29

Every year, Milton staff update the City's seven-year Capital Improvement Plan (CIP) to assist in the planning, acquisition, and financing of capital projects. City Code only requires a five-year plan, but staff have felt that a seven-year plan provides a better understanding of upcoming requests in order to forecast required revenues from the General Fund to fund pay-as-you-go projects identified in the CIP.

Milton defines a major capital project – which are required to be budgeted in one of the six capital projects funds – as something that will have an expected useful life of more than three years, cost \$50,000 or more, or improve/add onto an existing capital asset. Such projects include building/infrastructure construction, park improvements, streetscapes, computer systems, land acquisitions, and heavy duty trucks.

During the annual budgeting process, City staff reviews existing projects and makes updates according to the most current information and cost projections available. After this, staff can make requests for new capital initiatives. Each project requires a project sheet outlining its description, the estimated project cost, the anticipated funding sources (which tie back to the individual capital projects funds in which the project will be accounted for), the timing of the budgetary requests over the seven-year plan, as well as estimated future impacts on the operating budget (if they exist). These forecasts take into account potential revenue sources such as facility rentals and program fees generated from the approval of such a project, along with the future expenditure expectations that may include staffing, maintenance, other capital outlays, etc.

As with the maintenance and operating initiative requests, all capital initiative requests must tie back to Milton's existing Strategic Plan and be supported by Council and community-approved plans outlined in the City Planning Process.

Capital Improvement Plan FY 2023 - FY 2029

SEVEN-YEAR CAPITAL IMPROVEMENT PLAN FY23-FY29 continued

REVENUE ASSUMPTIONS

Revenue increases have been forecasted for program fees related to anticipated growth in art, dance, fitness, and summer camp programming associated with the opening of a new athletic park in FY 2024. Similarly, an increase in revenues has been forecasted related to field rentals at the Cox Road complex based on the newly turfed fields completed in FY 2022. There are also increased revenues projected based on the completion of new rectangular and diamond fields at the new athletic complex that are anticipated in FY 2024.

EXPENDITURE ASSUMPTIONS

Staff are required to identify material operating impacts for any potential capital project. Within the CIP project sheets, each future impact section is broken down by personnel, maintenance, and "other." The "other" category includes potential additional capital outlays that may be necessary, but are not part of the initial project such as equipment, computers, etc. Staff are also asked to give a brief summary of the forecasted impact on the individual project sheet as well. (Staffing expenses have been updated to reflect recent market adjustments to salaries and impacts to related employee benefits.)

PROJECT DESCRIPTION and/or JUSTIFICATION:	the clubhouse along with oth	The Former Milton Country Club Master Plan was adopted August 19, 2019. For the active acres, the master plan called for the renovation of the clubhouse to support active, indoor recreation programming. As part of this renovation, the existing cart barn to the east of the building along with other structures are to be removed. Throughout the phasing, the plan suggests for additional parking, tennis courts, pool improvements, sand volleyball courts and a covered addition onto the back side of the clubhouse.

PROJECT DESCRIPTION and/or JUSTIFICATION:	policies that p development density resider housing in Arna add value to a create more s The funding fo and its Charac	Enhance Commercial Nodes Recurring/Non-Recurring: Non-Recurring Milton's 2030 Comprehensive Plan identifies Arnold Mill as a Character Area designated for future master planning. The plan recommends policies that preserves the area's rural character, avoids commercial development, dense townhomes and apartment, and guides new development to one or two small nodes with a design-oriented zoning overlay, reserving the rest of the corridor for rural, agricultural, and low density residential use. The recent 2040 Comprehensive Plan conveys the same vision to protect the existing low density, rural residential housing in Arnold Mill. The 2040 Comp Plan also promotes policies where development designs, landscaping, lighting, signage, and scale add value to our community. In order to support this policy, the Comp Plan 2040 identifies a strategy to update the Master Plan 2014 and create more specific detailed design guidelines for Arnold Mill Road (SR140). The funding for this capital project will go toward the hiring of a consultant to create a small area plan which reflects the Master Plan 2014 and its Character area narrative *Comp Plan LU.1 and Strategic Plan SR.1b.3

DEBT

Debt Issuance and Management

As mentioned earlier, the City's main priorities with regard to issuing debt are:

Maintaining a sound financial position. This means that long-term tax-exempt debt will only be utilized to provide resources to finance needed capital improvements. Simultaneously, the City will accumulate adequate resources to repay the debt.

To maintain and improve the City's credit rating through strong financial administration.

Complying with all applicable federal and state laws, rules and regulations related to the issuance of debt.

The City acknowledges that failure to meet the demands of growth may inhibit its continued economic viability, but also realizes that excess outstanding debt may have detrimental effects on the ability of the City to meet its continuing operational needs. Issuing debt commits the City's revenues several years into the future, and may limit its flexibility to respond to changing service priorities, revenue inflows, or cost structures. Adherence to the Debt Management Policy helps ensure that the City issues and manages its debt prudently in order to maintain a sound financial position and protect its credit rating.

Credit ratings are the rating agencies' assessment of the City's ability and willingness to repay debt on a timely basis. Credit ratings are an important indicator in the credit markets and can influence interest rates a borrower must pay. Each of the rating agencies believes that debt management is a positive factor in evaluating issuers and assigning credit ratings.

Milton's adherence to federal and state laws, rules and regulations as well as its strong financial policies and procedures made it possible to obtain a triple A rating, the highest credit quality given by the rating agencies, on its first attempt to secure a credit rating. With virtually no credit history due to the pay-as-you-go nature of purchases in the past, the City received a triple-A rating from Standard & Poor's (AAA) and Moody's (Aaa) in 2017. We were successful in retaining these rating as the City issued revenue bond series, 2019 in October 2019.

The City recognizes that there are advantages and disadvantages to both the pay-as-you-go method of financing purchases and to issuing debt. Milton staff weighs out these factors each year during the update to the seven-year Capital Improvement Plan. The matrix below outlines some of the main advantages and disadvantages taken into consideration during the planning process:

	PAY-AS-YOU-GO	DEBT FINANCING
	Future funds are not tied up in servicing debt payments	Infrastructure is delivered when it is needed
	Interest savings can be put towards other projects	Spreads costs over the useful life of the asset
	Greater budget transparency	Increases capacity to invest
Advantages	Avoid the risk of default	Allocates costs to citizens who receive the related benefits
Disadvantages	Long wait time for new infrastructure	Potentially high borrowing rate/interest costs
	Large projects may exhaust the entire budget for capital projects	Debt payments limit future budget flexibility
	Inflation risk	Generations forced to service debt requirements
	Allocates costs of project to citizens that may not benefit	Additional tax levy may be required to repay debt

. .

GENERAL OBLIGATION DEBT

Under Georgia financing laws, the City's outstanding general obligation debt shall not exceed 10 percent of total assessed property value. By law, the general obligation debt subject to the limitation may be offset by amounts set aside for repaying the general obligation bonds. Calculation of the legal debt limit based on audited data contained in the Fiscal Year 2021 Annual Comprehensive Finacial Report (ACFR):

Assessed Value:	\$3	3,134,981,282
10% of Assessed value (Legal Debt Limit):	\$	313,498,128
Milton Debt Applicable to Debt Limit:	\$	20,935,000
Legal Debt Margin:	\$	292,563,128

Milton's current net debt applicable to the debt limit is 6.68%, leaving significant room for growth if the voters choose to approve future general obligation bonds. The only project currently identified for potential bond funding in the seven-year Capital Improvement Plan is the West Side Fire Station (Station 45). Should this project be funded by general obligation bonds, the City would remain well below the legal debt margin. The Georgia Constitution (Article 9, Section 5, Paragraph 1) states that only debt approved by the majority of qualified voters voting in an election held for that purpose is subject to the debt limit calculation. Therefore, the City's other long-term debt related to revenue bonds and capital leases are excluded from the debt limit calculation.

Milton's current G.O. bond debt was issued in 2017. Milton voter's resoundingly approved the referendum authorizing \$25 M for greenspace acquisition. Debt service payments on the City's G.O. bond debt are funded by a separate bond millage rate outlined in the table below.

Fiscal Year	Bond Millage Rate
2018	0.321
2019	0.671

Revenue Bond Debt

Revenue bond debt finances projects secured by a specified revenue source faster than is possible utilizing a pay-as-you-go financing strategy. Milton's current revenue bond debt is funded by general operating revenues collected in the General Fund and transferred to the Revenue Bond Fund through an operating transfer.

In 2014, Milton issued revenue bond series 2014 in the amount of \$9.6 M for the renovation and expansion of Bell Memorial Park. The remaining debt on this issuance was refunded (refinanced) in 2019. This refunding will save taxpayers approximately \$443,059 over 11 years.

Debt issued as part of bond series 2019 will also fund the construction of the Public Safety Complex on Highway 9 (completed August 2020), the reconstruction of Fire Station #42 on Thompson Road, and an alerting system for the fire department.

The seven-year Capital Improvement Plan does not currently contemplate any additional revenue bond funded projects.

MILTON FIRE-RESCUI

GLOSSARY/ ACRONYMS

GLOSSARY

A

Abatement – A reduction or elimination of a real or personal property tax, motor vehicle excise, a fee, charge, or special assessment imposed by a governmental unit. Granted only on application of the person seeking the abatement and only by the committing governmental unit.

Accounting System – The total structure of records and procedures that identify record, classify, and report information on the financial position and operations of a governmental unit or any of its funds, account groups, and organizational components.

Accrual Basis of Accounting – A method of accounting where revenues are recorded when they are earned and expenditures are recorded when goods or services are received.

Accrued Interest – The amount of interest that has accumulated on the debt since the date of the last interest payment, and on the sale of a bond, the amount accrued up to but not including the date of delivery (settlement date). (See Interest)

Ad Valorem Tax – A tax based on the assessed value of an item, such as real or personal property. (See Tax)

Amortization – The gradual repayment of an obligation over time and in accordance with a predetermined payment schedule.

Appropriation – A legal authorization from the community's legislative body to expend money and incur obligations for specific public purposes. An appropriation is usually limited in amount and as to the time period within which it may be expended.

Arbitrage – As applied to municipal debt, the investment of tax-exempt bonds or note proceeds in higher yielding, taxable securities. Section 103 of the Internal Revenue Service (IRS) Code restricts this practice and requires (beyond certain limits) that earnings be rebated (paid) to the IRS.

Assessed Valuation – The value placed on the property for tax purposes. The assessed value of property in Milton is 40% of the fair market value.

Audit – An examination of a community's financial systems, procedures, and data by a certified public accountant (independent auditor), and a report on the fairness of financial statements and on local compliance with statutes and regulations. The audit serves as a valuable management tool in evaluating the fiscal performance of a community.

Audit Report – Prepared by an independent auditor, an audit report includes: (a) a statement of the scope of the audit; (b) explanatory comments as to application of auditing procedures; (c) findings and opinions. It is almost always accompanied by a management letter which contains supplementary comments and recommendations.

В

Balance Sheet – A statement that discloses the assets, liabilities, reserves and equities of a fund or governmental unit at a specified date.

Balanced Budget – Total anticipated revenues plus that portion of the fund balance in excess of required reserves that is designated as a funding source shall equal the total estimated expenditures for each fund.

Basis of Accounting – Timing of recognition for financial reporting purposes.

Basis of Budgeting – Method used to determine when revenues and expenditures are recognized for budgeting purposes.

Bond – A means to raise money through the issuance of debt. A bond issuer/borrower promises in writing to repay a specified sum of money, alternately referred to as face value, par value or bond principal, to the buyer of the bond on a specified future date (maturity date), together with periodic interest at a specified rate. The term of a bond is always greater than one year. (See Note)

Bond Issue – Generally, the sale of a certain number of bonds at one time by a governmental unit.

Bond Rating (Municipal) – A credit rating assigned to a municipality to help investors assess the future ability, legal obligation, and willingness of the municipality (bond issuer) to make timely debt service payments. Stated otherwise, a rating helps prospective investors determine the level of risk associated with a given fixed-income investment. Rating agencies, such as Moody's and Standard and Poors, use rating systems, which designate a letter or a combination of letters and numerals where AAA/Aaa is the highest rating and C1 is a very low rating.

Budget – A plan for allocating resources to support particular services, purposes and functions over a specified period of time. (See Performance Budget, Program Budget)

Budget Amendment – A revision of the adopted budget that, when approved, replaces the original provision and increases or decreases the budget appropriation.

С

Capital Assets – All real and tangible property used in the operation of government, which is not easily converted into cash, and has an initial useful live extending beyond a single financial reporting period. Capital assets include land and land improvements; infrastructure such as roads, bridges, water and sewer lines; easements; buildings and building improvements; vehicles, machinery and equipment. Communities typically define capital assets in terms of a minimum useful life and a minimum initial cost. (See Fixed Assets)

Capital Budget – An appropriation or spending plan that uses borrowing or direct outlay for capital or fixed asset improvements. Among other information, a capital budget should identify the method of financing each recommended expenditure, i.e., tax levy or rates, and identify those items that were not recommended. (See Capital Assets, Fixed Assets, Capital Improvement Plan)

Capital Improvement Plan (CIP) – A comprehensive long-term capital budget, updated annually, of the capital projects for the city. (See Capital Budget)

Capital Outlay – An expenditure for the acquisition of, or addition to, a fixed asset.

Capital Projects Fund – Fund type used to account for financial resources that are restricted, committed or assigned to expenditure for capital outlays.

Cash Management – The process of monitoring the ebb and flow of money in an out of municipal accounts to ensure cash availability to pay bills and to facilitate decisions on the need for short- term borrowing and investment of idle cash.

Certificate of Deposit (CD) – A bank deposit evidenced by a negotiable or non-negotiable instrument, which provides on its face that the amount of such deposit plus a specified interest payable to a bearer or to any specified person on a certain specified date, at the expiration of a certain specified time, or upon notice in writing.

Chart of Accounts – A listing of all accounts utilized to record transactions on the general ledger. Milton utilizes the Uniform Chart of Accounts (UCOA) as mandated by the Georgia Department of Community Affairs (DCA). (See General Ledger)

Charter – Manual that establishes the government structure and defines boundaries, specific powers, functions, essential procedures, and legal control. In Georgia, a charter is created through a legislative act of the Georgia General Assembly.

Comprehensive Plan – A community-driven, long-term vision and living document that outlines how those who live, work, and play in a municipality want it to develop over a 20-year period. In Georgia, comprehensive planning is required under the Georgia Planning Act to help shape future growth.

Consumer Price Index – The statistical measure of changes, if any, in the overall price level of consumer goods and services. The index is often called the "cost-of-living index."

Contingency – Funds set aside for unforeseen future needs and budgeted in a "non-departmental" account. Contingency funds can be transferred to a department budget according to the city's budgetary policies.

Cost-Benefit Analysis – A decision-making tool that allows a comparison of options based on the level of benefit derived and the cost to achieve the benefit from different alternatives. Credit Risk: Risk that an issuer or other counterparty to an investment will not fulfill its obligations. D

Debt – An obligation resulting rom the borrowing of money or from the purchase of goods and services.

Debt Burden – The amount of debt carried by an issuer usually expressed as a measure of value (i.e., debt as a percentage of assessed value, debt per capita, etc.). Sometimes debt burden refers to debt service costs as a percentage of the total annual budget. (see Debt)

Debt Service – The repayment cost, usually stated in annual terms and based on an amortization schedule, of the principal and interest on any particular bond issue.

Department – A major administrative division of the city with indicated overall management responsibility for an operation or a group of related operations within a functional area.

Depreciation – The portion of the cost of a fixed asset charged as an expense during a particular period. The cost of a fixed asset is prorated over the estimated useful life of the asset.

Е

Encumbrance – A reservation of funds to cover obligations arising from purchase orders, contracts, or salary commitments that are chargeable to, but not yet paid from, a specific appropriation account.

Expenditure (Expense) – An outlay of money made by municipalities to provide the programs and services within their approved budget.

F

Fair Market Value – An estimate of the market value of the property. In Milton, a property's fair market value is determined by the Fulton County Board of Assessors.

Fiduciary Funds – Repository of money held by a municipality in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and other funds. These include pension (and other employee benefit) trust funds, investment trust funds, private- purpose trust funds, and agency funds.

Fiscal Year – The twelve-month period designated by the city council signifying the beginning and ending period for recording financial transactions. Milton's fiscal year runs October 1 through September 30.

Fixed Assets – Long-lived, assets such as buildings, equipment and land obtained or controlled as a result of past transactions or circumstances.

Fixed Costs – Costs that are legally or contractually mandated such as retirement, FICA/Social Security, insurance, debt service costs or interest on loans.

Franchise Fee – Routine charges to utility companies for the privilege of operating within municipal boundaries, generally in lieu of licenses or permits that would otherwise be required.

Full Faith and Credit – A pledge of the general taxing powers for the payment of governmental obligations. Bonds carrying such pledges are usually referred to as general obligation or full faith and credit bonds.

Function – Group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible.

Fund – An accounting entity with a self-balancing set of accounts that are segregated for the purpose of carrying on identified activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations.

Fund Accounting – Organizing financial records into multiple, segregated locations for money. A fund is a distinct entity within the municipal government in which financial resources and activity (assets, liabilities, fund balances, revenues, and expenditures) are accounted for independently in accordance with specific regulations, restrictions or limitations. Examples of funds include the general fund and enterprise funds. Communities whose accounting records are organized according to the Uniform Municipal Accounting System (UMAS) use multiple funds.

Fund Balance – Net position of a governmental fund (difference between assets, liabilities, deferred outflows of resources and deferred inflows of resources).

G

General Fund – The fund used to account for most financial resources and activities governed by the normal appropriation process and not required to be accounted for in a separate fund by law.

General Ledger – The main accounting record of an organization.

General Obligation Bonds – Bonds issued by a municipality for purposes allowed by statute that are backed by the full faith and credit of its taxing authority.

Generally Accepted Accounting Principles (GAAP) – Conventions, rules and procedures that serve as the norm for the fair presentation of financial statements.

Goal – A desired result that supports the organization's mission and is achievable and measurable.

Governing Body – A board, committee, commission, or other executive or policymaking body of a municipality or school district.

Governmental Accounting Standards Board (GASB) – Ultimate authoritative accounting and financial reporting standard-setting body for state and local governments.

Governmental Funds – Funds generally used to account for tax-supported activities. There are five types of governmental funds: the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds.

L

Impact Fee – A one-time payment assessed to property developers to pay for infrastructure improvements and service needs that must be built, or provided to, a new property.

Indirect Cost – Costs of a service not reflected in the operating budget of the entity providing the service. An example of an indirect cost of providing water service would be the value of time spent by non-water department employees processing water bills. A determination of these costs is necessary to analyze the total cost of service delivery. The matter of indirect costs arises most often in the context of enterprise funds.

Interest – Compensation paid or to be paid for the use of money, including amounts payable at periodic intervals or discounted at the time a loan is made. In the case of municipal bonds, interest payments accrue on a day-to-day basis, but are paid every six months.

Interest Rate – The interest payable, expressed as a percentage of the principal available for use during a specified period of time. It is always expressed in annual terms.

Interest Rate Risk – Risk that changes in interest rates will adversely affect the fair value of an investment.

Interfund Transfers – Flows of assets (such as cash or goods) between funds and blended component units of the primary government without equivalent flows of assets in return and without a requirement for repayment.

Investments – Securities and real estate held for the production of income in the form of interest, dividends, rentals or lease payments. The term does not include fixed assets used in governmental operations.

L

Legal Level of Budgetary Control – Level at which a government's management may not reallocate resources without approval from the legislative body.

Levy – To impose taxes, special assessments or service charges for the support of government activities.

Line Item Budget – A budget that separates spending into categories, or greater detail, such as supplies, equipment, maintenance, or salaries, as opposed to a program budget.

Local Aid – Revenue allocated by the state or counties to municipalities and school districts.

Local Road Safety Plan – A plan that provides a framework for identifying, analyzing, and prioritizing roadway safety improvements on local roads.

Long-term Debt – Debt with a maturity date of more than one year after the date of issuance.

Μ

Maturity Date – The date that the principal of a bond becomes due and payable in full.

Millage Rate/Tax Rate – The amount of property tax stated in terms of a unit of the municipal tax base; for example, \$1 per \$1,000 of assessed valuation of taxable real and personal property.

Modified Accrual Basis of Accounting – Basis of accounting where revenues are recorded when they become measurable and available and expenditures are recorded in the period in which governments in general normally liquidate the related liability rather than when that liability is first incurred (if earlier).

Municipal(s) – (As used in the bond trade) "Municipal" refers to any state or subordinate governmental unit. "Municipals" (i.e., municipal bonds) include not only the bonds of all political subdivisions, such as cities, towns, school districts, special districts, counties but also bonds of the state and agencies of the state.

Ν

Note – A short-term loan, typically with a maturity date of a year or less.

Ο

Objects of Expenditures – A classification of expenditures that is used for coding any department disbursement, such as "personal services," "expenses," or "capital outlay."

Objectives – Unambiguous, measurable statements of performance intentions expressed to achieve a goal. (See Goal)

Operating Budget – A plan of proposed expenditures for personnel, supplies, and other expenses for the coming fiscal year.

Ordinance – A formal piece of legislation enacted by the governing body of a municipality.

Overlapping Debt – A community's proportionate share of the debt incurred by an overlapping government entity, such as a regional school district, regional transit authority, etc.

Ρ

Performance Budget – A budget that stresses output both in terms of economy and efficiency.

Performance Measure – Specific quantitative calculations of work, resources, or productivity that reflect whether or not an objective is being met. May include input, output, and outcome measures. (See Objectives, Strategies)

Personal Property – Property that can be moved with relative ease such as boats, machinery and inventoried goods.

Principal – The face amount of a bond, exclusive of accrued interest.

Placemaking – A collaborative process by which a government and its stakeholders can shape the public realm in order to maximize shared values by strengthening the connection between people and the places they share.

Property Taxes – Tax based on the assessed value of a property, either real or personal. Tax liability falls on the owner of record as of the appraisal date.

Public Hearing – A specifically designated time, place and opportunity for citizens, community groups, businesses, and other stakeholders to address the legislative body on a particular issue. It allows interested parties to express their opinions and the legislative body and/or staff to hear their concerns and advice.

Purchased Services – The cost of services that are provided by a vendor.

R

Refunding of Debt – Transaction where one bond issue is redeemed and replaced by a new bond issue under conditions generally more favorable to the issuer.

Resolution – A statement of policy, or an order, by the governing body that a specific action be taken.

Revaluation – The assessors of each County are responsible for developing a reasonable and realistic program to achieve the fair cash valuation of property in accordance with constitutional and statutory requirements. The nature and extent of that program will depend on the assessors' analysis and consideration of many factors, including, but not limited to, the status of the existing valuation system, the results of an in-depth sales ratio study, and the accuracy of existing property record information.

Revenue Bond – A bond payable from and secured solely by specific revenues and thereby not a full faith and credit obligation.

Right-of-Way – The property required for the public use of roads, sidewalks, and utilities.

S

Short-term Debt – Debt with a maturity date of less than one year after the date of issuance.

Short Term Work Program – A listing of specific tasks that the community plans to undertake during the next five-year period.

Special Revenue Fund – Governmental fund type used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects and exclusive of resources held in trust for individuals, private organizations or other governments.

Strategies – (See Objectives)

Т

Tax – A charge usually of money imposed by authority on persons or property for public purposes.

Trust Fund – In general, a fund for money donated or transferred to a municipality with specific instructions on its use. As custodian of trust funds, the treasurer invests and expends such funds as stipulated by trust agreements, as directed by the commissioners of trust funds or by the community's legislative body. Both principal and interest may be used if the trust is established as an expendable trust. For nonexpendable trust funds, only interest (not principal) may be expended as directed.

W

Working Capital – A dollar amount reserved in the (general fund) fund balance that is available for unforeseen emergencies, to handle shortfalls caused by revenue declines and to provide cash liquidity during periods of low cash flow.
